**FUEL SUPPLY AGREEMENT**

**THIS AGREEMENT** is made this 1st day of May, 2011 between CITY OF DEKALB (“Customer”), a Illinois municipality and WESTERN PETROLEUM COMPANY (“Western”), a Minnesota corporation.

**WITNESSETH:**

**WHEREAS**, Western markets and distributes aviation fuels, and Customer is in the business of operating an aviation facility which uses aviation fuels; and

**WHEREAS**, the parties have agreed that Western will sell aviation fuels to Customer and Customer will purchase aviation fuels from Western for Three (3) years in accordance with the terms and conditions of this agreement.

**NOW, THEREFORE**, in consideration of the premises and mutual covenants and undertakings set forth herein, Customer and Western hereby agree:

1. **Pricing.** The prices which Customer shall pay Western for petroleum products purchased hereunder shall be governed by Western’s posted prices on the date of lifting plus applicable federal, state, and local taxes, fees, additives, and all freight charges. Western shall have the right at any time without prior notice to Customer to change any or all such prices or the method by which Western’s prices to Customer are determined.
2. **Duration and Renewal.**
  - (a) Subject to earlier termination as provided herein, this agreement shall be for a term commencing on the date set forth above and continuing for a period of Three (3) consecutive years. Upon conclusion of the initial Three (3) year term, this agreement shall automatically renew for subsequent annual periods unless cancelled by either party upon at least 90 days’ notice prior to the end of the initial Three (3) year term or the anniversary of any such annual period.
  - (b) If at the end of the Three (3) year term of this Agreement Customer has not purchased the minimum 300,000 gallons of combined aviation fuel from Western, this agreement shall automatically renew for subsequent annual periods until Customer has purchased at least 300,000 gallons of combined aviation fuel from Western.
3. **Quantity.** During the term of this agreement, Customer agrees to purchase and procure all of Customer’s requirements for aviation fuel from Western.
4. **Product and Product Standard.** The products to be sold hereunder are Jet A Turbine Fuel and 100LL Aviation Gasoline. Jet A Turbine Fuel produced by a refinery in the United

States shall meet ASTM D 1655 latest revision and Jet A Turbine Fuel produced by a refinery in Canada shall meet the requirements of CAN/CGSB-3.23-97. 100LL aviation gasoline produced by a refinery in the United States shall meet ASTM D 910, and 100LL aviation gasoline produced by a refinery in Canada shall meet CAN/CGSB-3.25-94. Western warrants title to the products delivered hereunder and warrants that it has the right to sell such products and that they are free from liens and adverse claims of every kind. EXCEPT AS SPECIFICALLY SET FORTH IN THIS SECTION, WESTERN MAKES NO WARRANTIES OF ANY KIND TO CUSTOMER REGARDING THE PRODUCT SOLD HEREUNDER, INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

5. Terms. Payment by Customer shall be made by means of electronic funds transfer, and the terms shall be net 30 days by invoice as the airport approves all invoices at the monthly airport meeting, however payments are not to exceed net 30 days, subject to credit approval by Western. Customer shall provide such information and shall execute such authorizations as Western may from time to time request to allow Western to withdraw payments due hereunder directly from Customer's designated bank account.
6. Force Majeure. Western's failure to supply aviation fuel to Customer, and Customer's failure to purchase one hundred percent (100%) of its aviation fuel requirements from Western, shall not be deemed a breach of this agreement if the same shall arise because of any cause beyond the control of Western or Customer, as the case may be, including acts of God, acts of federal, state or local government, compliance with requests, regulations or orders of any governmental authority, fire, storm, flood, earthquake, explosion, accidents, acts of the public enemy, terrorism, war, riot, strike, lockout, or unavailability of or delays in delivery of any product which is the subject of this agreement. If any such *force majeure* interruption occurs with respect to Western's supply, Western may substitute another fuel of the same brand, a different brand, or no brand so long as such aviation fuel meets the standards set forth in Section 4 above, and/or the quantities of aviation fuel required to be supplied under this agreement shall be ratably reduced for the period during which such *force majeure* interruption may exist.
7. Liability and Insurance. Liability of Western relating to the aviation fuel sold hereunder shall cease and title and risk of loss shall pass to Customer when said product passes the flange between Western's delivery line and Customer's connection or vehicle. Notwithstanding the foregoing, nothing contained herein shall impair the parties' coverage under any applicable policy of insurance.
8. Inspection and Measurement. Customer's inspection and measurement shall be based on meters or on certified tank truck capacities according to terminal practice. All quantities shall be adjusted to 60 degrees F temperature in accordance with latest revised applicable parts of ASTM Designation D: 1250, IP Designation: 200 Petroleum Tables. The term "barrel" shall mean 42 U.S. gallons. The term "gallon" shall mean a U.S. gallon of 231 cubic inches. The term "tank truck" shall mean a transport truck with a tank storage capacity of not less than 3,000 gallons.

9. Deliveries. Deliveries shall be made at such times within the usual business hours of Western as may be required by Customer, provided that reasonable advance notice is given by Customer. Western shall prepare and furnish the receiving party with copies of bills of lading and other shipping papers. Western shall not be required to make deliveries into vehicles supplied by Customer unless they are clean and empty immediately prior to delivery and shall not be required to load or deliver quantities less than the full capacity of the vehicle, except as otherwise authorized by Western from time to time. If deliveries are to be made into Customer's storage facilities, Customer shall provide storage facilities sufficient to enable it to receive such deliveries and shall provide Western with unimpeded and adequate ingress and egress twenty-four hours per day. Customer shall reimburse Western on demand for any demurrage or other charges incurred by Western by reason of Customer's failure to unload any delivery vehicle or release the same within the time allowed therefor without demurrage or other charge even though such failure may have arisen from causes beyond the control of Customer. All deliveries of aviation fuels shall be in full bulk transport quantities.
  
10. Taxes. It is agreed that when permitted Customer shall assume and be responsible to the proper governmental units for any and all federal, state and municipal taxes, excises, charges and fees now or hereafter imposed by any governmental agency or authority that may be applicable to the products purchased by Customer. In those cases in which the laws, regulations or ordinances impose upon Western the obligation to collect or pay such amounts, Customer shall pay to Western amounts equal to such governmental exactions for which Western may be liable. If Customer is entitled to purchase products free of any tax, fee, or charge, Customer shall furnish Western proper exemption certificates.
  
11. Conduct of Customer's Business.
  - (a) Customer represents and warrants that all information set forth in Customers' written application to become a Western customer and all other written information including financial statements submitted by Customer was at the time of submission true, accurate and complete, and did not omit any material fact necessary to make the information submitted, in light of the circumstances under which it was submitted, not misleading.
  
  - (b) In the performance of this agreement, Customer is engaged as an independent contractor. Customer shall conduct all operations hereunder in strict compliance with all applicable laws, ordinances and regulations of all governmental authorities, including but not limited to all rules and regulations of the Department of Transportation and all applicable franchise laws and regulations. Customer shall diligently promote the sale of the petroleum products purchased under this agreement, and shall conduct the operation of Customer's business in such a manner as to promote goodwill toward Western and its products. Customer agrees to assist in the administration of any promotional programs Western or its suppliers may establish for its customers.

12. Oil Spills. If a petroleum product spill occurs anywhere in connection with Customer's performance of this agreement, Customer shall promptly notify Western and the appropriate governmental authorities and shall take immediate action to clean up the spill and prevent further damage. Upon receipt of such notification, Western shall have the right to provide to Customer such additional manpower, equipment and material as in Western's reasonable discretion are deemed reasonable to complete the clean-up in a satisfactory manner. Customer shall pay and be responsible for all costs, expenses, charges and judgments incurred or imposed in connection with the clean-up operations, including reimbursement to Western for all of its costs, expenses, fines and judgments.

13. Insurance.

- (a) Without in any way limiting Customer's indemnity obligations under the branding agreement or this agreement, Customer shall maintain at Customer's own expense during the term of this agreement the insurance specified below:
  - (i) Workers' Compensation and Employment Liability Insurance as prescribed by applicable law, see attached Exhibit A and B; and
  - (ii) Comprehensive Airport Insurance or Commercial General Liability (bodily injury and property damage) Insurance of not less than \$2,000,000 combined single limit per occurrence, but in the aggregate with respect to Product-Completed Operations and any one offense/aggregate with respect to Personal Injury, including, explosion hazard, personal injury, premises-operations, products and completed operations, blanket contractual and independent contractors liability coverage; and
  - (iii) Business Automobile Liability (bodily injury and property damage) Insurance of not less than \$2,000,000.00 combined single limit per occurrence, on all owned, non-owned and hired vehicles which are used by Customer see attached Exhibit A and B; and
  - (iv) Any other insurance or surety bonding that may be required under the laws, ordinances and regulations of any governmental authority.
- (b) The insurance specified in subsection(a) of this section 13 shall require the insurer to provide Western with thirty (30) days' prior written notice of any cancellation or material change in the insurance and shall name Western and its affiliates as additional insureds. The insurance required under clause (i) of subsection (a) above shall contain a waiver of subrogation against Western and an assignment of statutory lien, if applicable.
- (c) The insurance required under subsection (a) above shall provide that it is primary coverage to insurance carried by Western. The insurance required above shall be issued by insurance companies which are reasonably acceptable to Western. The insurance companies shall have no recourse against Western, or any other additional insured, for payment of any premiums or assessments under any policy

issued by a mutual insurance company. Customer shall be responsible for all deductibles in all of Customer's insurance policies. Customer shall furnish Western with certificates for all insurance coverage.

(d) Customer's indemnity and other obligations shall not be limited by the foregoing insurance requirements.

14. Quality Control. Customer shall maintain the quality of Western's aviation products and shall comply with any quality control procedures prescribed by Western and its supplier from time to time. In no event shall Customer permit automotive engine fuels to be sold as Western aviation fuels or dispensed through equipment bearing Western's or its suppliers' insignia. Customer shall immediately report to Western any accident or incident involving a fueled aircraft.

15. Confidential Information. Customer shall hold in confidence all manuals, guides, forms, instructions, software programs and other proprietary materials provided by Western for Customer's use in promoting and selling Western products, and all technical information, trade secrets and other confidential business information that is disclosed to Customer by Western (collectively "Confidential Information"), except for any information or document required to be disclosed under the Illinois Freedom of Information Act. In the event that any information or documents which are required to be disclosed under the Act are in the possession or control of Western, Western shall provide any such information or documents to Customer within time prescribed under the Act. Customer shall not use Confidential Information for any purpose other than developing business for Western's products and services, and shall not disclose Confidential Information to anyone other than Customer's employees or agents who have a need to know Confidential Information. Customer's obligations under this section 15 shall survive termination of this agreement.

16. Default.

(a) In the event of a default hereunder by a party, the other party shall have all rights and remedies provided at law or in equity. No termination of this agreement, even if on account of Western's default, shall excuse Customer from paying any unpaid amounts owing for aviation fuel previously delivered hereunder or from paying other outstanding amounts due Western under this agreement. However, in no event shall either party be liable to the other party for consequential damages.

(b) Each party acknowledges and agrees that the other party would be irreparably damaged in the event that any of the provisions of this agreement are not performed by the other party in accordance with their specific terms. Accordingly, it is agreed that each party shall be entitled to an injunction or any other equitable remedy to prevent or terminate breaches of this agreement by the other party and shall have the right to specifically enforce this agreement and the terms and provisions hereof against the breaching party in addition to any other remedy to which the non-breaching party may be entitled at law or equity.

- (c) In the event a default by Customer involves a failure to purchase 100% of the aviation fuel requirements from Western, which default is thereafter cured, Western may at its option without limiting any other right to remedies, extend the duration of this agreement for a period of time equal to the period during which Customer purchased aviation fuel from a vendor or supplier other than Western.

17. Termination.

- (a) Western or Customer may, in addition to its other remedies, terminate this agreement upon giving Customer twenty-five (25) days' prior written notice (or such lesser period as is reasonable in the circumstances) if any one or more of the following occurs:
