Terms of Settlement

The Petitioner also affirmatively represents that he does not reasonably expect to apply or become eligible for benefits from either SSDI or Medicare within the next thirty (30) months as a result of injuries reasonably related to this accident. This acknowledgement and representation are material and are being relied on by the Employer, the employer's attorney and the employer's insurance company in agreeing to the terms of settlement as set forth in this Agreement. Those representations are important because it is not the purpose of this settlement agreement to shift responsibility of medical care in this matter to the Medicare program. Instead, this settlement is intended to resolve a dispute between the Petitioner and Respondent. Because the Petitioner is not a Medicare recipient, no conditional payments have been made by Medicare. The Petitioner in this case has not applied for Social Security Disability Insurance ("SSDI") and is not classified by Medicare as having a "reasonable expectation of Medicare enrollment within 30 months." As such, this claim does not meet Medicare's current review thresholds as described in the July 11, 2005 and April 24, 2006 Medicare Policy Memoranda. Because the Petitioner has not applied and has no plans to apply for SSDI, it is not anticipated or foreseeable that the Petitioner will become eligible for Medicare in the near future. Therefore, no funds are being set aside for the Petitioner's future Medicare-covered treatment.
