Re: Proposal for Engineering Services

Dear Mr. Gill:

We have prepared this letter to serve as the agreement between the City of DeKalb (Client) and Hampton, Lenzini and Renwick, Inc. (HLR) (Consultant) to provide engineering services for the inspection of seven bridges in the City of DeKalb. The scope of our services will be as follows:

1. Complete condition inspection of the following structures eligible for NBIS inventory inspection. These shall be completed in accordance with the National Bridge Inspection Standards and the Illinois Department of Transportation Structure Information and Procedure Manual. The structures that require inspection include:

   Peace Road over the Union Pacific RR      SN 019-4706
   North First Street over South Br. Kishwaukee River SN 019-6000
   Hilcrest Drive over South Br. Kishwaukee River SN 019-6001
   Lucinda Avenue over South Br. Kishwaukee River SN 019-6002
   Taylor Street over South Br. Kishwaukee River SN 019-6005

   Bethany Road over South Br. Kishwaukee River SN 019-6107

2. Complete an inspection of all underwater elements of the structures by probing from the surface. This proposal does not include underwater structural divers. These divers would only be necessary if the condition of the underwater elements is determined to need additional evaluation.

3. Submit to the City and IDOT two copies of the following for each structure inspected:
   a. IDOT Routine Inspection Report, BBS-BIR-1 with photos
   b. Recommendations for maintenance level repairs.
   c. Complete Bridge File Checklists for IDOT.

The inspections will be completed in accordance to IDOT schedule. The reports will be completed and delivered by within 2 months of completion.

The inspection of Peace Road bridge may require a survey right-of-entry permit from the UPRR. HLR will coordinate this with the UPRR for proper permit and insurance. The cost of the permit fee is included in this proposal.
COMPENSATION

Billing Terms
For services provided, HLR will be compensated at the following hourly rates. The upper limit of compensation will not exceed $26,869.00. With the approval of the Lucinda Ave and N. First Street Bridge design contracts, the total not to exceed cost is reduced to $23,614.00 since there is duplicate effort included in the other contracts.

1. That any difference between the ENGINEER and the LA concerning their interpretation of the provisions of this Agreement shall be referred to a committee of disinterested parties consisting of one member appointed by the ENGINEER, one member appointed by the LA and a third member appointed by the two other members for disposition and that the committee’s decision shall be final.

3. That if the contract for construction has not been awarded one year after the acceptance of the plans by the LA and their approval by the DEPARTMENT, the LA will pay the ENGINEER the balance of the engineering fee due to make 100 percent of the total fee due under this AGREEMENT, based on the estimate of cost as prepared by the ENGINEER and approved by the LA and the DEPARTMENT.

4. That the ENGINEER warrants that he/she has not employed or retained any company or person, other than a bona fide employee working solely for the ENGINEER, to solicit or secure this contract, and that he/she has not paid or agreed to pay any company or person, other than a bona fide employee working solely for the ENGINEER, any fee, commission, percentage, brokerage fee, gifts or any other consideration, contingent upon or resulting from the award or making of this contract. For Breach or violation of this warranty the LA shall have the right to annul this contract without liability.
IN WITNESS WHEREOF, the parties have caused the AGREEMENT to be executed in quadruplicate counterparts, each of which shall be considered as an original by their duly authorized officers.
