Grantee shall provide notice, in writing, to Grantee of any such funding failure and its election to terminate or suspend this Agreement as soon as practicable. Any suspension or termination pursuant to this Section will be effective upon the date of the written notice unless otherwise indicated.

4.2 Return of Grant Funds. Any Grant Funds remaining that are not expended or legally obligated by Grantee, including those funds obligated pursuant to ARTICLE XVII, at the end of the Agreement period, or in the case of capital improvement Awards at the end of the time period Grant Funds are available for expenditure or obligation, shall be returned to Grantee within forty-five (45) days. Accounting records must contain information pertaining to state and federal pass-through awards, authorizations, obligations, unobligated balances, assets, outlays, and income. These records must be maintained on a current basis and balanced at least quarterly. Cash contributions to the Program from third parties must be accounted for in the general ledger with other Grant Funds. Third party in-kind (non-cash) contributions are not required to be recorded in the general ledger, but must be under accounting control, possibly through the use of a memorandum ledger. To comply with 2 CFR 200.305(b)(7)(i) and 30 ILCS 709/620, Grantee shall use reasonable efforts to ensure that funding streams are delineated within Grantee’s accounting system. See 2 CFR 200.302.

(b) **Source Documentation.** Accounting records must be supported by such source documentation as canceled checks, bank statements, invoices, paid bills, donor letters, time and attendance records, activity reports, travel reports, contractual and consultant agreements, and subaward documentation. All supporting documentation should be clearly identified with the Award and general ledger accounts which are to be charged or credited.

(i) The documentation standards for salary charges to grants are prescribed by 2 CFR 200.430, and in the cost principles applicable to the entity’s organization (Paragraphs 7.4 through 7.5).

(ii) If records do not meet the standards in 2 CFR 200.430, then Grantor may notify Grantee in **PART TWO, PART THREE** or Exhibit G of the requirement to submit Personnel activity reports. See 2 CFR 200.430((i)(8)). Personnel activity reports shall account on an after-the-fact basis for one hundred percent (100%) of the employee’s actual time, separately indicating the time spent on the grant, other grants or projects, vacation or sick leave, and administrative time, if applicable. The reports must be signed by the employee, approved by the appropriate official, and coincide with a pay period. These time records should be used to record the distribution of salary costs to the appropriate accounts no less frequently than quarterly.

(iii) Formal agreements with independent contractors, such as consultants, must include a description of the services to be performed, the period of performance, the fee and method of payment, an itemization of travel and other costs which are chargeable to the agreement, and the signatures of both the contractor and an appropriate official of Grantee.

(iv) If third party in-kind (non-cash) contributions are used for Grant purposes, the valuation of these contributions must be supported with adequate documentation.

(c) **Internal Control.** Effective control and accountability must be maintained for all cash, real and personal property, and other assets. Grantee must adequately safeguard all such property and must provide assurance that it is used solely for authorized purposes. Grantee must also have systems in place that provide reasonable assurance that the information is accurate, allowable, and compliant with the terms and conditions of this Agreement. 2 CFR 200.303.
(d) Budget Control. Records of expenditures must be maintained for each Award by the cost categories of the approved Budget (including indirect costs that are charged to the Award), and actual expenditures are to be compared with Budgeted amounts at least quarterly.

(e) Cash Management. Requests for advance payment shall be limited to Grantee's immediate cash needs. Grantee must have written procedures to minimize the time elapsing between the receipt and the disbursement of Grant Funds to avoid having excess funds on hand. 2 CFR 200.305.

REQUIRED CERTIFICATIONS

OPINION OF COUNSEL

I, the undersigned, am an attorney licensed by and duly admitted to practice law in the State of Illinois and am counsel and attorney for the City of DeKalb ("Grantee"). In this capacity, my opinion has been requested regarding the eligibility of the Grantee for grant assistance under the provisions of the Downstate Public Transportation Act, 30 ILCS 740/2-1 et seq. ("Act"). I have also reviewed the Downstate Operating Assistance Grant Agreement, Agreement No. 5226 (21-1141-19197), Grant No. (OP-21-48-IL) ("Agreement") tendered by the State of Illinois ("State") to the Grantee, and I hereby find the following:

1. The Grantee is an eligible "Participant" as defined in the Act.

2. There are no provisions in the Grantee’s charter, by-laws, or in the laws or rules of the State of Illinois, United States of America, or any unit of local government that preclude or prohibit the Grantee from entering into such Agreement.

3. The Grantee is fully empowered and authorized to enter into the Agreement and that Agreement, when executed by both parties, will be legally binding upon the Grantee and its successors and assigns.

4. I have no knowledge of any pending or threatened litigation, in either Federal or State court, which would adversely affect the Agreement or prevent the Grantee from contracting with the State for the purpose of receiving a Downstate Operating Assistance Grant.

Based on the foregoing, I am of the opinion that the Grantee is an eligible Participant under the provisions of the Act, and that it is fully empowered and authorized to accept the grant from the State.

PART TWO ATTACHMENT 3
STATE OF ILLINOIS
DRUG FREE WORKPLACE CERTIFICATION

This certification is required by the Drug Free Workplace Act (30 ILCS 580/1 et seq.). The Drug Free Workplace Act, effective January 1, 1992, requires that no grantee or contractor shall receive a grant or be considered for the purposes of being awarded a contract for the procurement of any property or services from the State unless that grantee or contractor has certified to the State that the grantee or contractor will provide a drug free workplace. False certification or violation of the certification may result in sanctions including, but not limited to, suspension of contract or grant payments, termination of the contract or grant and debarment of contracting or grant opportunities with the State for at least one (1) year but not more than five (5) years.

For the purpose of this certification, "grantee" or "contractor" means a corporation, partnership, or other entity with twenty-five (25) or more employees at the time of issuing the grant, or a department, division, or other unit thereof, directly responsible for the specific performance under a contract or grant of $5,000 or more from the State.

Grantee certifies and agrees that it will provide a drug free workplace by:

(a) Publishing a statement:

(1) Notifying employees that the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance, including cannabis, is prohibited in the Grantee's workplace.

(2) Specifying the actions that will be taken against employees for violations of such prohibition.

(3) Notifying the employee that, as a condition of employment on such contract or grant, the employee will:

(A) abide by the terms of the statement; and

(B) notify the employer of any criminal drug statute conviction for a violation occurring in the workplace no later than five (5) days after such conviction.

(b) Establishing a drug free awareness program to inform employees about:

(1) the dangers of drug abuse in the workplace;

(2) the Grantee's policy of maintaining a drug free workplace;

(3) any available drug counseling, rehabilitation, and employee assistance programs; and

(4) the penalties that may be imposed upon an employee for drug violations.

(c) Providing a copy of the statement required by subparagraph (a) to each employee engaged in the performance of the grant and to post the statement in a prominent place in the workplace.

(d) Notifying the Grantor within ten (10) days after receiving notice under part (B) of paragraph (3) of subsection (a) above from an employee or otherwise receiving actual notice of such conviction.

(e) Imposing a sanction on, or requiring the satisfactory participation in a drug abuse assistance or rehabilitation program by, any employee who is so convicted, as required by Section 5 of the Drug Free Workplace Act.

(f) Assisting employees in selecting a course of action in the event drug counseling, treatment, and rehabilitation is required and indicating that a trained referral team is in place.

(g) Making a good faith effort to continue to maintain a drug free workplace through implementation of the Drug Free
Workplace Act.

PART THREE - THE PROJECT-SPECIFIC TERMS

In addition to the uniform requirements in PART ONE and the Grantor-Specific Terms in PART TWO, the Grantor has the following additional requirements for this project:

PART THREE – THE PROJECT-SPECIFIC TERMS

DEFINITIONS

30.1. As used in this Agreement:
"AICPA" means the American Institute of Certified Public Accountants.
"FTA" means the Federal Transit Administration of the United States Department of Transportation, or its successor.
"OMB" means the U.S. Office of Management and Budget.

PROJECT SCOPE

31.1. Grantee agrees to provide the public transportation services described in its final approved application and program of proposed expenditures ("POPE") approved by the Grantor, and in accordance with the Act, the Rules, the Standard Forms and all other applicable laws and regulations. Grantee shall not reduce, terminate, or substantially change such public transportation services or increase fares without prior written notification to the Grantor.

PROJECT BUDGET

32.1. The Uniform Budget is attached as Part Three, Attachment 2.

32.2. Under the Act, the Grantor enters into this Grant Agreement to implement Grantee's approved program of expenditures, within the following condition:

(a) The Grantee shall be paid under this Agreement sixty-five percent (65%) of Grantee's eligible operating expenses incurred during fiscal year 2021, up to the corresponding identical or minimally different appropriation amount provided by the appropriation legislation for fiscal year 2021, as per 30 ILCS 740/2-7(b-10) and 30 ILCS 740/2-3(d), as long as there are sufficient funds transferred into the Downstate Public Transportation Fund (30 ILCS 740/2-7 (b)), and provided that the amount paid under this Agreement together with any operating assistance received by the Grantee from any other state or local agency for fiscal year 2021 does not exceed Grantee's actual operating deficit for that year.

32.3. The Grantor has approved and agrees to make a grant in the estimated amount of $6,154,536.00, subject to the limitations set forth above, the Act and Illinois Administrative Code Title 92, Chapter I, Subchapter h, Part 653.

32.4. In the event that a Grantee receives an amount in excess of the amount provided to be paid to the Grantee above, or the combined state and local operating assistance grants for fiscal year 2021 exceed Grantee's actual operating deficit for that year, Grantee agrees to remit to the State any excess funds received. For purposes of this Agreement, the term "operating deficit" shall have the following meaning set forth in Section 2-2.03 of the Act (30 ILCS 740/2-2.03): "the amount by which eligible operating expenses exceed revenue from fares, reduced fare reimbursements, rental of properties, advertising, and any other amounts collected and received by a provider of public transportation, which, under standard accounting practices, are properly classified as operating revenue or operating income attributable to providing public transportation and revenue from any federal financial assistance received by the participant to defray operating expenses or deficits. For purposes of determining operating deficits, local effort from local taxes or..."
its equivalent shall not be included as operating revenue or operating income.

32.5. Grantee agrees to commit the necessary local funding to cover costs incurred in providing public transportation which are not reimbursed under this Agreement or by other federal, state or local assistance programs.

PAYMENT PROCEDURES

33.1. The Grantor shall process up to a total of five payments, comprising of a combination of advance, reimbursement or reconciling payments, to Grantee upon the timely receipt of quarterly expense and revenue submitted on the Grantor’s prescribed forms. Payments will be processed upon the Grantor determining if and to what extent the request is for eligible operating expenses incurred in conformity with Grantee's approved application and the Act.

(a) Grantees shall have the flexibility to request: an advance based on its estimated quarterly expense and revenue, up to the date the actual expense and revenue for that quarter is required to be filed with the Grantor; or

(b) a reimbursement for actual quarterly expense and revenue incurred; or

(c) a combination of both.

33.2. Advance payments may not be processed by the Grantor, or dated by the Grantee, earlier than thirty days prior to the start of the quarter for which the advance is requested. No payments will be made until the State’s annual budget has been passed, and grant contracts are fully executed by both the Grantor and the Grantee and filed with the Office of the Comptroller.

33.3. Grantee shall file actual expense and revenue incurred in the 1st, 2nd, 3rd and 4th quarters by December 1, March 1, May 1, and August 1, respectively.

33.4. The Grantee shall adjust payment requests to reflect all previous quarter actual expense and revenue not reflected in previous payment requests.

33.5. Grantee agrees that payment shall not constitute a final determination by the Grantor of the eligibility of such expense and shall not constitute a waiver of any violation of the terms of this Agreement. The Grantor reserves the right to offset any payment to satisfy any monetary claims that the Grantor may have outstanding against Grantee.

ELIGIBLE OPERATING EXPENSES

34.1. Eligible operating expenses include, but are not limited to the following:

(a) employee wages and benefits;

(b) materials, fuels and supplies;

(c) rental of facilities;

(d) taxes other than income taxes;

(e) payment for debt service (including principal and interest) on equipment or facilities owned by Grantee, to the degree that the Grantee’s governing board, through resolution, certifies that the public transportation
portion of the equipment or facilities is required for the day-to-day provision of public transportation within the next 24 months, provided that, in undertaking and administering the acquisition and ownership of the equipment and facilities, the Grantee complies with the Grantor's most current "Capital Grants Manual" and "Supplemental Operating Assistance Guidelines";

(f) non-rolling stock-equipment purchases that are less than $10,000;

(g) administrative costs (i.e., costs incurred in capital grant record keeping, grant management, and the preparation of status reports required by the Department under its capital grant program) associated with capital projects which are not reimbursed elsewhere;

(h) routine maintenance and repairs to buildings, equipment or vehicles that do not extend their useful life for replacement eligibility purposes;

(i) reasonable expenses and compensation for Grantee's board members or trustees as provided under the Local Mass Transit district Act (70 ILCS 3610/4);

(j) established reserves for self-insurance programs;

(k) the costs associated with the audit requirements set forth in Section 653.410 of the Rules;

(l) Eighty percent of the dues paid by the applicant to the Illinois Public Transportation Association and 90% of the dues paid by the applicant to the American Public Transportation Association or the Community Transportation Association of America; and

(m) any other expenditure that an independent auditor retained by the Grantee's governing board determines is required for the provision of public transportation according to the most current version of AICPA's generally accepted standard accounting principles for public transportation operations.

INELIGIBLE OPERATING EXPENSES

35.1. Ineligible operating expenses include, but are not limited to, the following:
   (a) depreciation, whether funded or unfunded;

   (b) amortization of any intangible assets;

(k) charitable donations;

(l) interest expense on long-term borrowing and debt retirement other than on that portion of publicly-owned equipment and facilities required for public transportation;

(m) income taxes;

(n) that portion of any eligible operating expense for which the Grantee has or will receive reimbursement from any other federal or State capital grant program absent a specific federal or State directive allowing the capital expense to be treated as an operating expense;

(o) expenses associated with compliance with OMB Circular A-133 (Audits of States, Local Governments, and Non-Profit Organizations);

(p) expenses for freight haulage provided by Grantee;

(q) any expense that is reimbursed from insurance proceeds;

(r) maintenance or operation of vehicles that are not used by a Grantee or its contractors for public transportation or to support public transportation operations; and

(s) any other expense determined by the Grantor to be inconsistent with federal regulations or requirements.

PROJECT CLOSEOUT

36.1. Upon the Grantor’s receipt of the Grantee’s independent audit report of the Project, the Grantor shall perform a review of the Grantee’s independent audit to determine whether to approve the independent audit. Once the Grantee’s independent audit has been approved by the Grantor, the Grantor shall determine the eligibility of costs incurred and shall make a final determination of amounts due to the Grantee under this Agreement. If the Grantor has made payment to the Grantee in excess of the final total amount determined by the Grantor-approved independent audit to be due the Grantee, the Grantee shall promptly remit such excess to the Grantor.

36.2. At the discretion of the Grantor, several years of audit reconciliation balances may be combined to allow for one payment to reconcile minor annual reconciliation balances. The Project close-out occurs when the Grantor notifies the Grantee that the Project is closed-out and forwards the final Grant payment, as determined by the Grantor-approved independent audit to the Grantee, or when an appropriate refund of Grant funds, as determined by the Grantor-approved independent audit, has been received from the Grantee and acknowledged by the Grantor. Close-out shall be subject to any continuing obligations imposed on the Grantee by this Agreement or contained in the final notification or acknowledgment from the Grantor.

36.3. Payment issues, audit issues or any other matters pertaining to the grant may not be subsequently raised and are forever settled upon Project closeout.
SCHOOL BUS OPERATIONS

37.1. Pursuant to 20 ILCS 2705/2705-605(f), Grantee agrees not to engage in school bus operations exclusively for the transportation of students and school bus personnel in competition with private school bus operators where such private school bus operators are able to provide adequate transportation at reasonable rates, in conformance with applicable safety standards. However, this requirement shall not apply if Grantee operates a school system in the locality and operates a separate and exclusive school bus program for the school system. Grantee's certification regarding school bus operations is signed and attached to this Agreement as Part Three Attachment 1.

ETHANOL GASOLINE

38.1. Pursuant to the Downstate Public Transportation Act (30 ILCS 740/2-15.1), Grantee hereby certifies that all gasoline burning motor vehicles operated under its jurisdiction use, if capable, fuel containing ethanol gasoline.

NO WAIVER

39.1. No failure of Grantee to assert any right or remedy hereunder will act as a waiver of its right to assert such right or remedy at a later time or constitute a course of business upon which Grantor may rely for the purpose of denial of such a right or remedy to Grantee.

GRANTEE'S RESERVATION OF RIGHTS

40.1. This contract is executed by Grantee with a reservation of rights to contest provisions inconsistent with the enabling legislation, Downstate Public Transportation Act (30 ILCS 740) and the Illinois Constitution.

FAILURE TO APPROPRIATE FUNDS

41.1. This Agreement, notwithstanding anything to the contrary set forth herein, is subject to Section 2-3(d) of the Downstate Public Transportation Act (30 ILCS 740/2-3(d)).
CERTIFICATION BY GRANTEE NOT TO ENGAGE IN SCHOOL BUS OPERATIONS

Pursuant to Section 49.19(6) of the Civil Administrative Code of Illinois (20 ILCS 2705/49.19(b), as a condition of receiving grant monies from the Illinois Department of Transportation, the Grantee certifies that it is not engaged in school bus operations exclusively for the transportation of students and school bus personnel in competition with private school bus operators where such private school bus operators are available to provide adequate transportation at reasonable rates in conformance with applicable safety standards.

If the Grantee does engage in school bus operations exclusively for the transportation of students and school bus personnel as described above, then the Grantee certifies that it operates a school system in the area to be served and operates a separate and exclusive school bus program for the school system.

The Grantee further agrees and certifies that it shall immediately notify the Grantor in writing of its involvement in or its intention to become involved in any school bus operation prohibited by Section 49.19(6) of the Civil Administrative Code of Illinois after the date of this certification.

Note: The applicant should check with the State of Illinois awarding agency for information regarding reimbursement of indirect costs while its proposal is being negotiated.

Option (3): The applicant elects to charge the de minimis rate of 10% modified total direct cost (MTDC) which may be used indefinitely on State of Illinois awards (2 CFR 200.414 (c)(4)(f) & (200.68). Section B – Budget Summary
NON-STATE OF ILLINOIS FUNDS

NON-STATE OF ILLINOIS FUNDS: If the applicant is required to provide or volunteers to provide cost-sharing or matching funds or other non-State of Illinois resources to the project, the applicant must provide a revenue breakdown of all Non-State of Illinois funds in lines (b)-(d). Line 18: Show the total matching or other contribution for each fiscal year.

Please see detail worksheet and narrative section for further descriptions and explanations of budgetary line items.
Section C – Budget Worksheet & Narrative

[Attach separate sheet(s)]

Pay attention to applicable program specific instructions, if attached.

All applicants are required to submit a budget narrative along with Section A and Section B. The budget narrative is sometimes referred to as the budget justification. The narrative serves two purposes: it explains how the costs were estimated and it justifies the need for the cost. The narrative may include tables for clarification purposes. The State of Illinois recommends using the State of Illinois Uniform Budget Template worksheet and narrative guide provided.

1. Provide an itemized budget breakdown, and justification by project year, for each budget category listed in Sections A and B.

2. For non-State of Illinois funds or resources listed in Section B that are used to meet a cost-sharing or matching requirement or provided as a voluntary cost-sharing or matching commitment, you must include:
   a. The specific costs or contributions by budget category;
   b. The source of the costs or contributions; and
   c. In the case of third-party in-kind contributions, a description of how the value was determined for the donated or contributed goods or services.

[Please review cost sharing and matching regulations found in 2 CFR 200.306.]

3. If applicable to this program, provide the rate and base on which fringe benefits are calculated.

4. If the applicant is requesting reimbursement for indirect costs on line 17, this information should be completed by the applicant’s Business Office. Specify the estimated amount of the base to which the indirect cost rate is applied and the total Indirect expense. Depending on the grant program to which the applicant is applying and/or the applicant’s approved Indirect Cost Rate Agreement, some direct cost budget categories in the applicant’s grant application budget may not be included in the base and multiplied by your indirect cost rate. Please indicate which costs are included and which costs are excluded from the base to which the indirect cost rate is applied.

5. Provide other explanations or comments you deem necessary.
Keep in mind the following—

Although the degree of specificity of any budget will vary depending on the nature of the project and State of Illinois agency requirements, a complete, well-thought-out budget serves to reinforce your credibility and increase the likelihood of your proposal being funded.

- A well-prepared budget should be reasonable and demonstrate that the funds being asked for will be used wisely.
- The budget should be as concrete and specific as possible in its estimates. Make every effort to be realistic, to estimate costs accurately.
- The budget format should be as clear as possible. It should begin with a budget narrative, which you should write after the entire budget has been prepared.
- Each section of the budget should be in outline form, listing line items under major headings and subheadings.
- Each of the major components should be subtotalled with a grand total at the end.

Your budget should justify all expenses and be consistent with the program narrative:

- Salaries should be comparable to those within the applicant organization.
- If new staff is being hired, additional space and equipment are considered, as necessary.
- If the budget lists an equipment purchase, it is the type allowed by the agency.
- If additional space is rented, the increase in insurance is supported.
- If an indirect cost rate applies to the proposal, the division between direct and indirect costs is not in conflict, and the aggregate budget totals refer directly to the approved formula. Indirect costs are costs that are not readily assignable to a particular project, but are necessary to the operation of the organization and the performance of the project (like the cost of operating and maintaining facilities, depreciation, and administrative salaries).

§200.306 Revision of budget and program plans

(e) The Federal/State awarding agency may, at its option, restrict the transfer of funds among direct cost categories or programs, functions and activities for Federal/State awards in which the Federal/State share of the project exceeds the Simplified Acquisition Threshold and the cumulative amount of such transfers exceeds or is expected to exceed 10 percent or $1,000 per detail line item, whichever is greater of the total budget as last approved by the Federal/State awarding agency. The Federal/State awarding agency cannot permit a transfer that would cause any Federal/State appropriation to be used for purposes other than those consistent with the appropriation.

Travel Narrative (State):

All costs below are split between the DOAP grant (65%), Federal Transit Administration grants (28%) and Northern Illinois University contribution funding (7%). Staff attends FTA trainings to remain compliant and educated on the most up-to-date rules and regulations within the transit industry. Lodging shall conform to the Federal Per Diem rate of the City in which the training occurs; airfare shall be the lower of 3 rates. Transit shall be the cost of a day transit pass. If a multi-day transit pass is cheaper than multiple single-day passes, than a multi-day pass should be used. Taxi reimbursement should be the going rate for the City, and should only be used if transit is not available.

The following travel has been identified:

- FTA/NTI In-State Training: Transit staff are relatively new to their respective positions and in need of additional FTA/NTI related training. The City of DeKalb defines in-state travel as travel within 300 miles of DeKalb. For in-state training, there will be approximately 8 travel days for 2 staff persons. NTI and FTA training locations are announced on an irregular basis; therefore, exact destinations are unknown at this time. The City of DeKalb transit staff vehicle will be used for in-state travel to and from events.

- FTA/NTI Out-of-State Training: Transit staff are relatively new to their respective positions and in need of additional FTA/NTI related training. The City of DeKalb defines out-of-state travel as travel beyond 300 miles of DeKalb. For out-of-state training, there will be approximately 9 travel days for 2 staff persons. NTI and FTA training locations are announced on an irregular basis; therefore, exact destinations are unknown. The City of DeKalb transit vehicle may be used for this travel.

- Illinois Public Transit Association Conference: The Transit Manager and the Transit Planning & Grants Coordinator attend the annual IPTA conference each year. This conference is considered as in-state travel per City of DeKalb regulations. The conference is 2 1/2 days and 2 staff persons will attend. As all locations are in-state, the City transit staff vehicle shall be used for travel.

- Rural Transit Assistant Center Conference: The Transit Manager and the Transit Planning & Grants Coordinator attend the annual RTAC conference which is always held in Springfield, IL. This is considered as in-state travel per City of DeKalb regulations. The conference is 2 1/2 days and 2 staff persons will attend. As the location is in-state, the City transit vehicle shall be used for travel.

- IPASS Travel: The City transit staff vehicle is equipped with an IPASS transponder. This is used for all meetings, conferences, and training which requires travel on Illinois tollway roads.

* Travel is a combination of State and Non-State portions.*

4). Equipment (2 CFR 200.439)

Provide justification for the use of each item and relate them to specific program objectives. Provide both the annual (for multiyear awards) and total for equipment. Equipment is defined as an article of tangible personal property that has a useful life of more than one year and a per-unit acquisition cost which equals or exceeds the lesser of the capitalization level established by the non-Federal entity for financial statement purposes, or $5,000. An applicant organization may classify equipment at a lower dollar value but cannot classify it higher than $5,000. (Note: Organization’s own capitalization policy for classification of equipment can be used). Applicants should analyze the cost benefits of purchasing versus leasing equipment, especially high cost items and those subject to rapid technical advances. Rented or leased equipment costs should be listed in the "Contractual" category. Explain how the equipment is necessary for the success of the project. Attach a narrative describing the procurement method to be used.

6). Contractual Services (2 CFR 200.318) & Subawards (200.92)

Provide a description of the product or service to be procured by contract and an estimate of the cost. Applicants are encouraged to promote free and open competition in awarding contracts. A separate justification must be provided for sole contracts in excess of $150,000 (See 2 CFR 200.88). NOTE: this budget category may include subawards. Provide separate budgets for each subaward or contract, regardless of the dollar value and indicate the basis for the cost estimates in the narrative. Describe products or services to be obtained and indicate the applicability or necessity of each to the project.

Please also note the differences between subaward, contract, and contractor (vendor):

1) Subaward (200.92) means an award provided by a pass-through entity to a sub-recipient for the sub-recipient to carry out part of a Federal/State award, including a portion of the scope of work or objectives. It does not include payments to a contractor or payments to an individual that is a beneficiary of a Federal/State program.

2) Contract (200.22) means a legal instrument by which a non-Federal entity purchases property or services needed to carry out the project or program under a Federal award. The term as used in this part does not include a legal instrument, even if the non-Federal entity considers it a contract, when the substance of the transaction meets the definition of a Federal award or subaward.

3) "Vendor" or "Contractor" is generally a dealer, distributor or other seller that provides supplies, expendable materials, or data processing services in support of the project activities.

16). Indirect Cost (2 CFR 200.414)

Provide the most recent indirect cost rate agreement information with the itemized budget. The applicable indirect cost rate(s) negotiated by the organization with the cognizant negotiating agency must be used in computing indirect costs (F&A) for a program budget. The amount for indirect costs should be calculated by applying the current negotiated indirect cost rate(s) to the approved base(s). After the amount of indirect costs is determined for the program, a breakdown of the indirect costs should be provided in the budget worksheet and narrative below.

**Budget Narrative Summary**—When you have completed the budget worksheet, transfer the totals for each category to the spaces below to the uniform template provided (SECTION A & B). Verify the total costs and the total project costs. Indicate the amount of State requested funds and the amount of non-State funds that will support the project.. (Note: The State, Non-State, and Total cost amounts for each line item below are auto-filled based upon the entries in the preceding budget tables 1-14 and 16. The State and Non-State Total amounts from Table 15 above, Grant Exclusive Line Item(s), must be entered into this table by hand due to the possibility of there being more than one Grant Exclusive Line item table. Once the Grant Exclusive Line Item(s) amounts are entered into this table, the State Request amount, Non-State Amount and the Total Project Costs will be calculated automatically. It is imperative that the summary tables be completed accurately for the Budget Narrative Summary to be accurate.)

(e) The Federal/State awarding agency may, at its option, restrict the transfer of funds among direct cost categories or programs, functions and activities for Federal/State awards in which the Federal/State share of the project exceeds the Simplified Acquisition Threshold and the cumulative amount of such transfers exceeds or is expected to exceed 10 percent or $1,000 per detail line item, whichever is greater of the total budget as last approved by the Federal/State awarding agency. The Federal/State awarding agency cannot permit a transfer that would cause any Federal/State appropriation to be used for purposes other than those consistent with the appropriation.
