EQUAL EMPLOYMENT OPPORTUNITY CLAUSE

EQUAL EMPLOYMENT OPPORTUNITY CLAUSE required by the Illinois Fair Employment Practices Commission as a material term of all public contracts.

During the performance of this Contract, the Contractor agrees as follows:

1. That it will not discriminate against any employee or applicant for employment because of race, color, religion, sex, national origin, or ancestry; and further, that it will examine all job classifications to determine if minority persons or women are underutilized and will take appropriate affirmative action to rectify any such underutilization.

2. That, if it hires additional employees in order to perform this Contract, or any portion hereof, it will determine the availability (in accordance with the Commission's Rules and Regulations for Public Contracts) of minorities and women in the area(s) from which it may reasonably recruit and it will hire for each job classification for which employees are hired in such a way that minorities and women are not underutilized.

3. That, in all solicitations or advertisements for employees placed by it or on its behalf, it will state that all applicants will be afforded equal opportunity without discrimination because of race, color, religion, sex, national origin, or ancestry.

4. That it will send to each labor organization or representative of workers with which it has or is bound by a collective bargaining or other agreement or understanding, a notice advising such labor organization or representative of the Contractor's obligations under the Illinois Fair Employment Practices Act and the Commission's Rules and Regulations for Public Contracts. If any such labor organization or representative fails or refuses to cooperate with the Contractor in its efforts to comply with such Act and Rules and Regulations the Contractor will promptly so notify the Illinois Fair Employment Practices Commission and the contracting agency and will recruit employees from other sources when necessary to fulfill its obligations there under.

5. That it will submit reports as required by the Illinois Fair Employment Practices Commission's Rules and Regulations for Public Contracts, furnish all relevant information as may from time to time be requested by the Commission or the contracting agency, and in all respects comply with the Illinois Fair Employment Practices Act and the Commission's Rules and Regulations for Public Contracts.

6. That it will permit access to all relevant books, records, accounts, and work sites by personnel of the contracting agency and the Illinois Fair Employment Practices Commission for purposes of investigation to ascertain compliance with the Illinois Fair Employment Practices Act and the Commission's Rules and Regulations for Public Contracts.

7. That it will include verbatim or by reference the provisions of paragraphs 1 through 7 of this clause in every performance subcontract as defined in Section 2.10 (b) of the Commission's Rules and Regulations for Public Contracts so that such provision will be binding upon every such subcontractor; and that it will also include the provisions of paragraphs 1, 5, 6, and 7 in every supply subcontract as defined in Section 2.10(a) of the Commission's Rules and Regulations for Public Contracts so that such provisions will be binding upon every such subcontractor. In the same manner as with other provisions of this Contract, the Contractor will be liable for compliance with applicable provisions of this clause by all its subcontractors; and further it will promptly notify the contracting agency and the Illinois Fair Employment Practices Commission in the event any subcontractor fails or refuses to comply therewith. In addition, no Contractor will utilize any subcontractor declared by the Commission to be non-responsible and therefore ineligible for Contracts or subcontracts with the State of Illinois or any of its political subdivisions or municipal corporations.

The City of DeKalb does not discriminate on the basis of handicapped status in admission or access to, or treatment or employment in, its programs and activities.

Bids will not be accepted at any other location or by any other City personnel. Any bids erroneously accepted at any other location or by other City personnel shall be returned unopened. Mailed bids which are delivered after the specified hour will not be accepted regardless of postmarked time on the envelope. Bids shall be submitted in sealed envelopes carrying the following information: Bidder's name, address, subject matter and document number of bids as indicated in the specification, and designated date and time of the bid opening. **All bids must be clearly marked at the top of each side of the envelope: "Official Bid: Do Not Open."** Bids will only be accepted by delivery or US mail; bids will not be accepted by facsimile, e-mail, internet, telephone or telegraphic means. All times are based upon the official time in the City of DeKalb, Central Standard Time or Central Standard Daylight Time (whichever applies at the time of bid).

1.04.01 Pre-bid Meeting:

A pre-bid meeting will be held at the DeKalb City Hall, 200 S. Fourth Street, DeKalb, IL, at the date and time indicated on the Bid Cover Sheet for the purpose of familiarizing Bidders with the project and answering questions. **Bidders shall be completely familiar with the entire bid specification and all Contract Documents prior to attending this meeting and shall come prepared to ask questions.**

Attendance at the pre-bid meeting is not mandatory *unless indicated as Attendance Required* on the Bid Cover Sheet. Strong consideration will be given to the Contractor's clear understanding and familiarity with the City's needs in determining an award of Contract.

1.05 Withdrawal of Bid:

Bidders may withdraw or cancel their bid, in written form, at any time prior to the advertised bid opening time. Bidders must submit a written request to withdraw their bid, which must be received by the City, at the stated location for bid submission, *prior to bid opening*.

1.06 Bidder's Qualifications:

No award will be made to any Bidder who cannot satisfy to the City that they have sufficient ability and experience in this class of work, as well as sufficient capital and equipment to do the job and complete the work successfully within the time named (i.e. responsible). The City's decision or judgment on these matters shall be final, conclusive, and binding. The City may make such investigations as it deems

necessary. The Bidder shall furnish to the City, under oath if so required, all information and data the City may request for the purpose of investigation.

1.07 Preparation of Bid:

The Bidder's submittal shall include the completed *Bid Sheet* and *Detailed Bid Sheet* found in the Contract Documents. The City will strictly hold the Bidder to the terms of the bid. The bid must be executed by a person having the legal right and authority to bind the Bidder.

1.08 Compliance with Laws:

The Bidder shall at all times observe and conform to all laws, ordinances, and regulations of the Federal, State, and local governments, which may in any manner affect the preparation of bids or the performance of the Contract.

1.09 Alternate to Bids:

Any reference in these specifications to manufacturer's name, trade name, or catalog number (unless otherwise specified) is intended as a standard only. The City's written decision of approval or disapproval of a proposed substitution shall be final.

Alternate bids will be considered only if received at the time stated for receipt of the bids. Submit alternate bids in a sealed envelope and identify the envelope as required for all bids, except that the phrase Alternate Bid shall be used. Bidders are cautioned that, if an alternate bid(s) involves an increase in the *Bid Sum*, the *Bid Deposit*, if required, shall be ample or be increased to cover the alternate *Bid Sum* or the entire bid may be rejected. Alternate bids should only be submitted if the proposal is believed in good faith to be equal in quality to the requirements specified by the City. The City reserves the right to rule upon a specification deviation or alternate bid in the manner as best befits the City, and to accept an alternate bid deemed adequate without rebidding or waiver of bid.

1.10 Form of Contract:

The form of Contract between the City and the successful Bidder will be in the form attached hereto as Exhibit D.

1.11 Freedom of Information Act (FOIA):

The City is required by Public Act 96-542 to comply with freedom of information requests (FOIA) within five (5) business days of a record request. All Contractors used by the City may be in possession of records covered by this act and therefore will be required to provide the City with those records upon request and within the time frame of the Act.

1.12 Bid Review:

The City reserves the right to reject any or all bids, to waive any irregularities or disregard any informality in the bids and bidding, and/or to waive competitive bidding and negotiate with one or more bidders or non-bidders directly when, in its opinion, the best interest of the City will be served by such action. Furthermore, the City reserves the right to award each item to a different Bidder, or all items to a single Bidder unless otherwise noted on the *Bid Sheet*. The City may determine as follows: 1) an equal or alternative is a satisfactory substitute; 2) an early delivery date is entitled to more consideration than price; 3) an early delivery date is to be disregarded because of the reputation of the Bidder for not meeting delivery dates; 4) a Bidder is not a responsible Bidder; and 5) what exceptions or deviations from written specifications will be accepted.

No bid will be accepted from or Contract awarded to any person, firm, or corporation that is in arrears or is in default to the City upon any debt or Contract, or that is a defaulter, as surety or otherwise, upon any obligation to the City, or had failed to perform faithfully any previous Contract with the City.

Bidders are required, if requested to do so, to affect a demonstration of the item/service being bid if the City feels it has insufficient knowledge of the item/service operations or performance capability. Such demonstration shall be at a site which is most convenient and agreeable to the affected City personnel. If the bid specifications require the submission of samples, such samples shall be submitted to the City at no cost, at or prior to the deadline for submitting bids. All samples become the property of the City upon submission.

1.13 Bid Results:

Following the bid opening and review period, pending contract awards will be posted on the City's Internet website under the <http://www.cityofdekalb.com> web page. Bid tabulations posted on-line represent "as read" submittals at time of the bid opening. They do not represent contract award.

1.13.01 Bid Protest:

Firms wishing to protest bids or awards should notify the City Representative in writing within three (3) days after the bid opening. This notification should include the bid number, the name of the firm protesting, and a detailed description as to why the firm is protesting the bid. The City Representative shall respond to said protest within seven (7) calendar days. A successful protest may result in the reversal of a previously awarded bid. If the firm wishes to appeal the determination of the City Representative, it may provide a written notice to the City Manager within two (2) business days of the date of release of the City Representative's decision; the City Manager shall thereafter review and decide the protest, and the decision of the City Manager shall be final.

1.14 Delivery:

Where the bid involves the sale or delivery of materials or goods, all materials shipped to the City must be shipped F.O.B. delivered, to the designated location specified in the description of Work, DeKalb, Illinois. If special delivery terms are required (e.g. forklift, ramp, etc.), the Bidder is responsible for providing the same unless otherwise noted. The City accepts no responsibility for the condition of any merchandise purchased prior to acceptance by City personnel. The City reserves the right to refuse acceptance of delivered merchandise that differs from the specifications in the invitation to bid or as otherwise permitted by Illinois law.

1.15 Inspections:

The City shall have the right to inspect any materials, components, equipment, supplies, services, or completed work specified herein. Any of said items not complying with these specifications are subject to rejection at the option of the City. Any items rejected shall be removed from the premises of the City and/or replaced at the entire expense of the successful Bidder.

1.16 Pricing:

For bids involving the sale of materials or supplies, unit prices shall be shown for each unit on which there is a bid and shall be inclusive of all charges necessary to comply with the terms and conditions of this bid (i.e. FOB DeKalb at the specified location). All prices shall be stated in U.S. dollars. Unit prices shall not include any local, state or federal taxes. In the case of a mistake in the extension of price, unit prices shall govern. All prices must be typewritten or written in ink; no erasures are permitted. Mistakes must be crossed out and corrections typewritten or written in ink adjacent thereto and initialed in ink by the party signing the bid.

Section 2: GENERAL SUPPLEMENTAL ADDITIONAL CONDITIONS

2.01 Scope of Work:

The Bidder shall supply all required supervision, skilled labor, transportation, new materials, apparatus, and tools necessary for the entire and proper completion of the Work. The Work is as described on the attached Exhibit F, and may consist of the provision of services, professional services, materials, supplies, equipment, or some combination thereof ("the Work"). 2.03 Period of Unemployment:

For any project involving labor or services which is governed by 30 ILCS 570 Employment of Illinois Workers on Public Works Act, such Act must be adhered to in entirety by the awarded Contractor. This act requires the use of Illinois workers on Public Works projects during periods of excess unemployment, which means any month immediately following 2 consecutive calendar months during which the level of unemployment in the State of Illinois has exceeded 5% as measured by the United States Bureau of Labor Statistics in its monthly publication of employment and unemployment figures.

2.04 Prevailing Wage:

For any work subject to the requirements of the Prevailing Wage Act, 820 ILCS 130/0.01, *et. seq.*, the successful Bidder is required to fully comply with the Act and to provide certified payroll records in compliance with the Act to the City at or before the time of requesting any payment for this project. The failure to comply with Prevailing Wage where required shall subject a bidder to the forfeit of any proceeds otherwise earned; the City will not process payment requests that are not in compliance with the Prevailing Wage Act. Additionally, separate from any other indemnification or insurance obligation in this Agreement, the successful Bidder shall indemnify, defend (with the City having exclusive choice of legal counsel) and hold harmless the City from any and all claims, demands, liabilities or other expenses in any way relating to the compliance or non-compliance with the Prevailing Wage Act.

Certified payroll records shall consist of a complete copy of the following records: a list of all laborers, mechanics and other workers employed to perform work hereunder. The records shall include the following information for each worker: name, address, telephone number, classification or classifications, the hourly wages paid in each pay period, the number of hours worked each day, and the starting and ending times of work each day, along with such other information which may be required by law. The certified payroll shall be accompanied by a statement signed and sworn to by the Contractor which avers that: 1) the certified payroll record is true and accurate; 2) the hourly rate paid to each worker is not less

than the general rate of prevailing wage as required by the Act; and, 3) the Contractor is aware that filing a certified payroll known to be false is a Class B Misdemeanor.

(Material Safety Data Sheet). The successful Bidder is responsible for complying with all applicable legal regulations or recommended handling procedures.

2.06 Guarantees, Warranties, Manuals:

All guarantees and warranties required shall be furnished by the Bidder and shall be delivered to the City before final payment on the Contract is issued. All products provided shall be provided with any available manuals, brochures or other instructions. The Contractor shall be responsible for providing the City with training in accordance with the requirements of the description of the Work. Any required training shall be provided at no additional cost. For any Work involving the sale of goods or materials, the Contractor shall be required to provide product manuals. Manuals shall be as detailed as possible outlining all necessary operating and servicing instructions for any equipment delivered, including components. In addition, for any Work involving the sale of vehicles, equipment, mechanical devices, tools or computerized devices, technical shop manuals containing illustrated parts lists and a complete set of technician repair manuals for the entire unit including wiring diagrams and hydraulic schematics supplied with the equipment shall be provided. All products supplied under this Contract shall carry the manufacturers' standard warranty. The Contractor shall guarantee the Work to be free from defects of any nature for a period of one year from and after the final acceptance and payment for the Work by the City. The Bidder shall maintain said Work and shall make all needed repairs and/or replacements during this one year period which, in the judgment of the City Representative, may be necessary to ensure the delivery of the Work to the City in first-class condition and in full conformity with the plans and specifications therefore, at the expiration of the guaranty period. The City shall identify the date of completion of the project, which shall serve as the start-date for the warranty. The following provisions only apply if checked:

Default is defined as failure of the Bidder to perform any of the provisions of this Contract in strict accordance with its terms or failure to make sufficient progress so as to endanger performance of this Contract in accordance with the City's expectations for completion or any expressed timeline for the same. In the event of default and termination, the City may procure, upon such terms and in such a manner as the City may deem appropriate, supplies, or services similar to those terminated.

The Bidder shall be liable for any excess costs or replacement costs for such similar supplies or service unless evidence is submitted to the City that, in the sole opinion of the City, clearly proves that failure to perform the Contract was due to causes beyond the control and without the fault or negligence of the Bidder.

2.08 Indemnification and Hold Harmless Agreement (Contractual or Other Liability):

The Bidder agrees to indemnify and save harmless the City, including its elected or appointed officials, employees, attorneys and agents (collectively, the "City Indemnitees") against any and all claims, loss damage, injury, liability, and court costs and attorney's fees incident thereto, including any claims made by employees of the Bidder or any of their subcontractors, as well as all other persons, resulting directly or indirectly from the work covered by this Contract or the equipment used in connection therewith. It is understood that this agreement shall apply to any and all such claims whether resulting from the negligence or the intentional acts of the Bidder, the Bidder's employees, Contractors or subcontractors, the City or City Indemnitees or otherwise, with the single exception of any claim, damage, loss, or expense arising solely out of the intentional misconduct of the City or City Indemnitees. The Bidder is solely responsible for determining the accuracy and validity of any information provided to the Bidder by the City or its representatives. This indemnification shall apply to the fullest extent of the law, and in the event that any provision hereof is determined to be unenforceable, the indemnification obligations shall be severable and the fullest extent of indemnification that may lawfully apply shall remain in full force and effect.

This indemnification shall include any claims arising out of the erection, construction, placement or operation of any scaffold, hoist, crane, stay, ladders, support or other mechanical contrivance in connection with such work including but not limited to losses, claims, damages and expenses arising pursuant to claims asserted against the City pursuant to theories premised upon Section 414 or Section 343 of the Restatement (Second) of Torts. This indemnification shall not be limited in any way by limitations on the amount or type of damages, compensation, or benefits payable by or for the Contractor under Workers' Compensation Acts, disability benefit acts, or other employee benefit acts, and serves as an express agreement to waive the protection of *Kotecki v. Cyclops Welding Corp*, 146 Ill.2d 155 (1991) in Illinois.

2.09 Insurance:

The insurance requirements outlined in these Contract Documents are applicable to any Work involving the performance of any services; these insurance provisions do not apply to any Work that consists solely of the sale of materials to the City without any corresponding labor or service. The Bidder will provide certificates of insurance evidencing the types and limits of insurance contemplated by the Agreement attached hereto as Exhibit E. The certificates of insurance will specifically address each of the requirements noted below. Each insurance company shall be in a form and from an issuer acceptable to the City. The General Liability coverage shall name the City of DeKalb as additional primary insured, without right of subrogation. All insurance noted below is primary and in no event will be considered contributory to any insurance purchased by the City. All insurance noted below will not be canceled, reduced, or materially changed without providing the City thirty (30) days advance notice, via certified mail. A certificate of insurance shall be provided to the City prior to the time at which any invoice or request for payment is submitted to the City.

EACH CERTIFICATE OF LIABILITY INSURANCE SHALL REFERENCE THE SPECIFIC BID NUMBER AND PROJECT DESCRIPTION IN THE ADDITIONAL INSURED FIELD, AND MUST BE PROVIDED DIRECTLY TO THE CITY REPRESENTATIVE.

Any and all deductibles or other forms of retention are the responsibility of the Contractor. All deductibles or other forms of retention are subject to the approval of the City. Contractor will disclose to the City in writing the amounts of any deductible or self-insured retentions on the insurance required under this Contract. All deductibles or self-insured retention shall be the sole responsibility of the Contractor. At the option of the City and at no additional cost to the City, the Contractor shall either: a) eliminate or reduce the deductibles/retention amounts as it relates to the City or City Indemnitees; or, b) procure a bond or letter of credit guaranteeing the payment of such amounts.

extent of any claim, offset or special defense afforded to the Contractor by virtue of the Illinois Worker's Compensation Act or any other applicable law or statute, the Contractor acknowledges that its obligation to defend, indemnify, insure and hold harmless the City shall not be limited or abrogated by said claim, offset or defense. Any provision of these specifications requiring the Contractor to de

fend the City shall be read to include the City having choice of legal counsel, at Contractor's expense, for purposes of fulfilling the defense obligation. Any language in these Contract Documents regarding the Contractor's obligation to indemnify the City or to ensure the City shall be read jointly, such that a waiver of subrogation or waiver of defense appearing in the Indemnification provisions shall also apply to the Insurance provisions. All such insurance or indemnification provisions shall also be read to require indemnification and insurance to be provided for the benefit of the City and City Indemnitees (as indemnified parties and as additional insureds).

Prior to receipt of a purchase order and start of work, the City Finance Department must receive and approve Certificates of Insurance and endorsements for all Contractors' employees who will be using their personal vehicle for transportation for work-related purposes during the workday. It will be the responsibility of the Contractor to provide renewal certificates for the same, and any new employees added to the City Contract, throughout the course of the Contract.

2.09.01 Insurance Rating:

All insurance policies required by this Contract shall be underwritten by insurance companies with a minimum A. M. Best rating of B++ or better. In the event that the Contractor or any Subcontractor fails to procure or maintain any insurance required by the Contract Documents, the City may, at its option, purchase such coverage and deduct the cost thereof from any monies due to the Contractor or Subcontractor, or withhold funds in an amount sufficient to protect the City, or terminate this Agreement pursuant to its terms.

2.09.02 Special Requirement:

If the Bidder is an architectural firm or engineering firm, or if the Work under the Contract Documents includes design, consultation or any other professional services, said Bidder shall file a certificate of insurance for professional liability, errors and omissions coverage subject to final acceptance by the City of said coverage. Professional liability insurance is not required to name the City as additional primary insured. Such insurance shall be provided on an occurrence basis, or, if provided on a claims-made basis, shall have a retrospective date prior to the start of Work.

2.09.03 Provision of Insurance:

The Bidder shall not commence Work under this Contract until the Bidder has obtained all insurance required under this section and such insurance has been approved by the City, nor shall Bidder allow any subcontractor to commence work on their subcontract until the same insurance has been obtained by the subcontractor. The Bidder and their subcontractor(s) shall maintain all insurance required under these Contract Documents for not less than two (2) years after completion of this Contract. The City shall not be obligated to review such certificates or other evidence of insurance, or to advise Contractor or subcontractor of any deficiencies in such documents, and receipt thereof shall not relieve the Contractor or subcontractor from, nor be deemed a waiver of the right to enforce the terms of the obligations hereunder. The City shall have the right to examine any policy required and evidenced on the Certificate of Insurance.

Additionally, and supplemental to the indemnification outlined above, the successful Bidder shall indemnify, defend and hold harmless the City from any and all claims arising out of the payment or real or alleged failure to pay any subcontractor or materialman.

2.10 Subcontractors:

Use of any subcontractors for performance of any component of this Agreement requires the City's express, written pre-approval prior to undertaking any services, as contemplated in the terms of these

specifications. Additionally, without regard to such pre-approval, any Contractor, subcontractor or material-man providing services or materials relating to these specifications shall expressly be required to comply with all of the terms of these specifications. The prime Contractor or successful Bidder holding the agreement resulting from these specifications shall be responsible for so confirming, and shall indemnify, defend and hold the City harmless from any failure to comply with these specifications by any subcontractor. Moreover, the failure to perform or default of any subcontractor shall be held and applied against the prime Contractor under which the subcontractor is working, as if the prime Contractor itself had failed to perform or had defaulted.

2.11 Change Orders:

After the Contract award, changes in or additions to the work and/or a change in the amount of money to be paid to the Bidder must be the result of an approved change order first ordered by the City Representative.

For any Contract which is subject to the Public Works Contract Change Order Act, 50 ILCS 525/1, *et. seq.*, the City requires the successful Contractor verify any change order request received from a subcontractor will not exceed 49% of the original subcontract amount. Any needed change order that will increase the subcontract by 50% or more will require opening up that portion of the work to competitive bidding.

The Contract price is and must include a "not to exceed" price. Any time the Contractor believes additional work is necessary or requested and the not to exceed price would increase, any change or addition shall require the pre-approval of the City. Unless a change order is approved, in writing, by the City Representative and/or City Manager and/or City Council, the Contract price shall not be exceeded.

2.11.01 Legal Authority to Bind:

The City shall not be bound by the unauthorized action of any of its agents or representatives. Any bidder and the Contractor are responsible for determining whether any person purporting to act on behalf of or to bind the City has the actual authority to do so, prior to relying upon any such statement or claimed authorization.

2.12 Failure to Execute:

Failure to execute the Contract shall, at the option of the City, constitute a breach of the agreement made by acceptance of the bid, and the City shall be entitled to forfeiture of the certified check, bank draft, or Bid Bond accompanying the bid that is required, not as a penalty, but as liquidated damages. In the event of failure of a Bidder to whom an award of Contract has been made, to execute the Contract and furnish a Performance Bond within five (5) days after notification of award, such award may be nullified and an award may be made to the next lowest responsive and responsible Bidder approved by the City. Any bidder who seeks any modification of the Contract Documents or of the Agreement is required to notify the City of the same by submitting an alternate bid. Any bidder who submits a bid without identifying any changes in the Contract Documents or the Agreement may be bound to the Contract Documents and the Agreement, without revision, at the City's discretion.

2.13 Bid Security:

~~Unless this section is completely crossed out, each bid shall be accompanied by a bid security in the amount of 10% of the total amount bid. Bid security shall be in the form of a certified check or cashier's check, drawn on a responsible bank doing business in the United States and made payable to the City of DeKalb, or an original Bid Bond (may NOT be a copy or facsimile) by a surety company which is satisfactory to the City and is qualified to do business in Illinois. Bids not accompanied by a bid security will be rejected. The bid security of the unsuccessful Bidders (if in the form of a certified check or cashier's check) will be returned after the Contract is awarded, signed and the performance security has been provided, or earlier, if the City does not deem it necessary to retain the Bid Security. The bid security of the accepted Bidder, (if in the form of a certified check or cashier's check) will be returned either upon execution of a Contract and submittal of a performance bond, if required by the specifications~~

~~or, where no performance bond is required, when, in the City's estimation, the Contract has been satisfactorily completed and a final inspection has been satisfactorily completed. The final inspection shall occur within thirty (30) days of the date of completion/delivery. When the bid security is submitted in the form of a bid bond, the bond will become null and void following the award of Contract and the City's receipt of the Performance Bond and Labor and Material Payment Bond, if required by the specifications. Should the Bidder fail to fulfill the Contract as set forth, the bid security shall become payable to the City as liquidated damages. All Bid Security shall be held by the City's Finance Department. If deemed necessary by the City, the City may at any time deposit a certified or cashier's check submitted as bid security, and in the event of a refund of such security, the City shall issue a refund check drawn on its accounts.~~

2.14 Performance Security:

~~Unless this section is completely crossed out, the successful Bidder shall furnish as performance security a Performance Bond and a Labor and Material Payment Bond acceptable to the City prior to the start of any work. Each of the bonds shall be in the sum of 100% of the Contract amount. The performance bond shall: 1) serve as security for faithful performance of the work; and 2) guarantee the work against defective workmanship and material for a period of not less than one (1) year following acceptance of the work. The Labor and Material Bond shall serve as security that all wages are paid and materials provided for the work are paid by the successful Bidder. For Contract awards that are less than \$100,000.00, a Letter of Credit, in a form suitable to the City, may be submitted as performance security, instead of a Performance Bond and a Labor and Material Payment Bond. Any bond shall include a provision that will guarantee faithful performance in accordance with the Prevailing Wage Act, 820 ILCS 130/1, *et. seq.*, and in accordance with all of the terms of the Contract Documents (which shall be specifically referenced).~~

4.03.01 Restrictive or Ambiguous Specifications:

It is the responsibility of the bidding firm to review the invitation to bid specifications and to notify the City Representative if the specifications are formulated in a manner that would unnecessarily restrict competition. Any such protest or question regarding the specifications or invitation to bid procedures must be received by the City before the end of the question period as stated on the bid coversheet. In the event a contract term is not defined within the contract document, the term will be given its ordinary dictionary meaning.

PERFORMANCE AND PAYMENT

5.01 Disputes:

The Contractor will be expected to faithfully perform all work as set forth in these specifications. If the Contractor fails to faithfully perform in accordance with the specifications or if a dispute arises as to the quality and/or quantity of work completed, the City Representative reserves the right to withhold authorization for payment of completed work until such time that performance has been improved or the dispute resolved. In those instances, when a dispute cannot be resolved between the Contractor and the City Representative, the dispute shall be resolved by the City Manager whose decision shall be final.

5.02 Payment:

Payment for all work completed and accepted will be made on a monthly basis (where possible, based upon the schedule for submittal of items to regularly scheduled City Council meetings) per the Contract prices including other agreements authorized in writing as per *Special and Unforeseen Work*. The Contractor shall submit an itemized monthly invoice, by facility, to the City for all work completed during the month, on or before the first Monday of the following month.

Penalties, if any, shall be withheld from the monthly payment by the City. Penalties, if applied, do not limit the right of the City to seek other redress for nonperformance or substandard performance. Penalties shall be assessed per occurrence. The purpose of penalties is to ensure quality of service to the City. For the purpose of penalties, the monthly fee shall be the yearly price divided by twelve (12). Assessment of any penalty shall in no way absolve the Contractor from the responsibility to complete or correct the unsatisfactory or uncompleted work.
