38.01 DEFINITIONS.

The City adopts by reference the definitions contained in Article 1 of the Illinois Liquor Control Act, 235 ILCS 5/1 (“the Act”), except as expressly superseded herein.

Alcohol Server: An Alcohol Server is deemed to be any of the following:

- 1) any person who greets or seats patrons or who actually sells, pours or delivers Alcoholic Liquors to a customer (including waitresses, bartenders, cashiers, and other personnel);
- 2) in the case of any establishment with a Permitted Area for Bar Sales, any person responsible for monitoring access to the Permitted Area, for greeting or seating patrons;
- 3) the Manager of any licensed establishment;
- 4) in the case of a BYOB license, any employee who provides services relating to the consumption of Alcoholic Liquors (e.g. opens bottles or provides glasses or ice for use with Alcoholic Liquors); and
- 5) other similar employees or agents of a Licensee.

Banquet: Any public place kept, used, maintained and advertised as a facility for private functions such as receptions, meetings, symposiums, parties and similar events, with a minimum seating capacity of at least 100 patrons within a prescribed, confined area, where access to the private event is restricted in accordance with this definition. The base charges for any Banquet event are paid in advance, either with ticket sales conducted at least 48 hours prior to the event or with a host responsible for the base charges. Food is served based upon a limited set of fixed offerings included within the base charge, with seating capacity at tables with plates and silverware for all guests in attendance, and with seating being done in common areas. Alcoholic Liquors may be sold based upon a pre-paid package, a “tab” bar paid after the event, or a pay-per-drink basis. Attendance at Banquet events is not generally open to the public, but rather is limited to invited guests, employees, members or sponsors of the event. Alcoholic Liquors shall be sold for consumption on the premises only, and only to bona fide attendees of a Banquet event. In addition, a Banquet shall be deemed to include Permitted Brunch Events.

Permitted Brunch Events shall be events conducted on a Sunday or on a legal holiday identified in Section 3.45 of the City Code of Ordinances. For a Brunch Event, licensees shall not be required to sell tickets in advance but may open events to the public and have payment at the time of the event. Brunch Events shall have a price for attending and eating, with one or more options for menu choices or with a buffet. Alcoholic beverages may be sold on a cash-bar (per-drink) basis or may be included as a component of the entry price. Alcoholic beverages shall only be sold with Real Food, and no attendee shall be permitted to consume alcohol without a corresponding purchase of Real Food. Permitted Brunch Events shall require compliance with all other Banquet restrictions, including minimum

seating for 100 persons, at tables with plates and silverware. (2013-062)

Bowling Alley: Any public place kept, used and maintained where the game of bowling, played with composition balls and ten wooden or composite pins, is played, with a minimum of 10 lanes of bowling available to the public. Outside of a Permitted Area for Bar Sales or Restaurant Sales, if any, the Sale of Alcoholic Liquors shall only be made to persons who are actively engaged in playing or spectating a game of bowling.

Building: The fully enclosed, heated and insulated area of a single structure, lawfully permitted to be occupied by a Licensee’s business, used for the purpose of furthering Licensee’s business. In the case of a building with multiple-occupancies, that portion of the Building which is leased and operated by the applicant/Licensee for the licensed purposes – and any adjoining parts or units of said structure which are accessible to patrons without exiting through a lockable door to an outside or common area, not under control of the Licensee – shall be deemed to be the Building. The Liquor Commissioner’s interpretation of what constitutes the Building shall be final. A separate liquor license shall be required for each separate Building. A Building shall not include any patio or other area that is not fully enclosed.

BYOB: A public place kept, used and maintained as a food service establishment as defined in Chapter 16 of the City Code, engaged in the service of Real Food, which permits customers to bring in their own Low ABV Alcoholic Liquors, for consumption by the customers, on premises, as the holder of a BYOB license under this Code.

Cross Marketing: Where permitted under the terms of this Chapter, Cross Marketing shall be deemed to include the display of alcohol at locations other than within a confined primary alcoholic liquor sales area, where done as a promotion showing Low ABV Beverages with an equally sized display of non-alcoholic products that are intended to be purchased and consumed in tandem (e.g. wine and cheese). Cross Marketing shall only be permitted for displays of Low ABV Beverages and shall not be permitted for display of other alcoholic beverages, nor shall it be used for display of Low ABV Beverages without a corresponding non-alcoholic product display of equal size. Cross Marketing: 1) shall not be permitted within fifty (50) feet of any public entrance or exit to a licensed establishment; 2) shall be no more than fifty percent of the size of the primary alcoholic liquor sales area (but shall not be counted towards such Permitted Area size limitations); and 3) shall be subject to the implementation of reasonable controls on the location, size and nature of display, so as to provide for proper supervision of such areas. Any reference to Cross Marketing being permitted under the terms of this Chapter shall be deemed to include and require compliance with these restrictions.

Grocery or Drug Store: A building with at least 5,000 square feet open to the public, which space is used in furtherance of the primary business consisting of the direct retail sale of food items such as meats, grains, cereals, produce, baked goods, dairy products, canned and frozen prepared food products, beverages, household goods, pharmaceuticals and/or prescription drugs and similar items available for purchase to the consumer.

The City of DeKalb herein adopts the provisions of the Illinois Liquor Control Act, 235 ILCS 5/1-1, *et. seq.*, as presently drafted and as may hereafter be amended, by reference, in its entirety (“the Act”). Any violation of the Act shall also be a violation of City Ordinance, punishable by fine.

38.03 LICENSE REQUIRED.

A violation of this Section shall be punishable by a fine of not less than Five Hundred Dollars (\$500.00) for a first violation, and punishable by a fine of not less than One Thousand Dollars (\$1,000.00) for second or subsequent violation.

38.04 APPLICATION FOR AND RENEWAL OF LIQUOR LICENSE OR PERMIT.

- a) Any person seeking to obtain a City of DeKalb Liquor License shall apply for said license on a form acceptable to the Liquor Commissioner. Said form is generally contemplated to consist of a certified copy of an Application for a State of Illinois Liquor License, with such supplemental information as shall be required to comply with this Ordinance or as shall be required by the Liquor Commissioner. Submission of a false or misleading statement on a liquor license application or related paperwork shall be a violation of this Ordinance.
 - 1. listed on the liquor license application and shall be required to complete all related requirements including a criminal history and background check (and shall pay all fees associated therewith). In the case of companies held under corporate ownership that do not have individual ownership of 5% or more of their stock, the applicant shall disclose at least one Manager for the establishment. In addition, the Liquor Commissioner may require any such corporate applicant to disclose additional information regarding its corporate status (or the ownership of parent or subsidiary companies), to confirm that the true owner(s) of said corporation are eligible for issuance of a liquor license. The required fees, fingerprinting and any related information shall be required to be submitted *at the time of application for a liquor license application to be considered complete*. The Applicant shall also, at the time of application, provide payment of the non-refundable application fee required under this Ordinance.

1. All applicants are required to disclose at least one Manager who will be responsible for the operations of the licensed premises, and whose job will be primarily to run and operate the licensed premises. The Owner may serve as the Manager. One person cannot serve as the Manager for multiple licensed premises; each licensed premises must have at least one designated and disclosed Manager.
- c) On a case-by-case basis, the Liquor Commissioner or Chief of Police may require applicants to submit to additional questioning, clarification, or investigation as they may determine appropriate to complete consideration of the application. Failure or refusal to complete said additional investigation shall be grounds for denial of an application.
- d) No license shall be issued to any business where any Owner or Manager is ineligible for issuance of a license under the terms of the Act or this Code, nor where any Owner or Manager is, in the judgment of the Liquor Commissioner, otherwise unsuitable for issuance of a liquor license. Further, no license shall be issued to:
1. Any licensee where the license is prohibited by the applicable provisions of the Illinois Liquor Control Act, including but not limited to the then-current provisions of 235 ILCS 5/6-2, relating to the issuance of licenses where a City elected, appointed or law enforcement official is involved in the conduct of the licensed establishment; (2016-017)
 2. Any person who furnishes false information, verbally or in writing, to the City in connection with a liquor license application or licensed establishment;
 3. Any establishment where any party listed on the application, in any capacity, is delinquent, by more than 30 days, in the payment of any obligation to the City, including but not limited to the payment of outstanding Restaurant, Bar and Package Liquor Tax, permit fees, water bills, ordinance violation fines or penalties, Liquor Code violation fines or penalties or any other City fines, charges, debts or penalties, whatsoever. Any Licensee that has a person or entity disclosed on its liquor license application that is more than thirty days delinquent in the payment of any amounts due the City shall: 1) be ineligible to receive a new or renewed liquor license; and 2)

shall be subject to revocation of a license and imposition of fines and penalties, as a violation of this Liquor Code. Any liquor license revoked under this Section shall be subject to a reinstatement fee of \$500, following the payment of all outstanding amounts due to the City; or

4. Any person or organization who denies to another the full and equal enjoyment of the proposed licensed facilities and/or services because of race, creed, color, gender, religion, sex, age, national origin or ancestry, physical or mental disability, marital status, matriculation, or sexual orientation. Such denial of the full and equal enjoyment of the proposed licensed premises or services thereof will be presumed if either such person or organization directly or indirectly publishes, circulates or displays any written communication, the intent and effect of which is to deny any person the full and equal enjoyment of the proposed licensed facilities and/or services because of race, creed, color, gender, religion, sex, age, national origin or ancestry, physical or mental disability, marital status, matriculation, or sexual orientation; or in the case of an organization, its international, national, state or local constitutions, bylaws, articles or other official documents deny to any person the full and equal enjoyment of the organization and/or the proposed licensed facilities and/or services because of race, creed, color, gender, religion, sex, age, national origin or ancestry, physical or mental disability, marital status, matriculation, or sexual orientation.
- e) City-Specific Information. The Liquor Commissioner may require submission of any City-specific information desired, including but not limited to security measures to be employed, past ownership/management history, personal and business references, business operation and marketing plan, or other information deemed pertinent to the licensure or operation of the business.
 - f) The issuance of an original liquor license shall be subject to the recommendation of City Staff and the recommendation of the Liquor Commissioner. The Liquor Commissioner’s recommendation shall thereafter be subject to the approval of the City Council. The City Council shall have the authority to make additional inquiry or require additional documentation as shall be requested on a case-by-case basis. Notwithstanding the fact that the Mayor also serves as Liquor Commissioner, the Mayor shall be expressly authorized to provide a recommendation as Liquor Commissioner and to vote as Mayor. The issuance of renewal licenses and the issuance of specialty liquor licenses (e.g. caterer event, special event, outdoor special event, tasting/sampling) shall only require the approval of the Liquor Commissioner with a recommendation of City Staff. The conversion of a liquor license from one classification to another may either be approved by the Liquor Commissioner or, at the Liquor Commissioner’s option, may be submitted to the City Council for review and approval. (2014-012)
1. The City Council may, but shall not be obligated to issue a conditionally approved liquor license for Licensees who are otherwise qualified to hold a license and who have demonstrated compliance with all applicable provisions of this Chapter 38, but whose place of business is not yet eligible for issuance of a final certificate of

Municipal Code - City of DeKalb
Chapter 38

occupancy or is otherwise ineligible for operation because of non-compliance with any other City Code or requirement. Such conditional licenses shall permit the applicant to obtain a state liquor license and shall permit the applicant to purchase and stock alcoholic beverages at the licensed premises but shall not permit occupancy of the premises and shall not permit the sale of any alcoholic beverages until such point in time as all required City permits and approvals have been received by the Licensee. At such time as all other required City permits and approvals, including but not limited to a certificate of occupancy and final inspection, have been provided, the Liquor Commissioner shall be authorized to convert a conditionally issued liquor license to an unconditional liquor license, subject to the terms of this Chapter 38. Should a Licensee fail, within a time specified by the Liquor Commissioner, to obtain all required City permits and approvals including but not limited to a certificate of occupancy, the Liquor Commissioner shall be authorized to revoke the conditional liquor license without any requirement of holding a public hearing or providing any due process. Any applicant/Licensee who requests a conditional license under this subsection f) shall execute a waiver agreeing and acknowledging the terms of this subsection, including the provisions relating to revocation. (2014-012)

- g) The application for an initial liquor license shall be forwarded to the Chief of Police. It shall be the duty of the Chief of Police to cause an investigation of such applicant and to issue a written report to the Liquor Commissioner, as to the applicant's character, within sixty (60) days, when practicable. No license shall be issued or reissued until such report has been completed and filed with the Liquor Commissioner. Notwithstanding any other provision in this Section, if a criminal case is pending at the time the application is pending, which if it were determined that the applicant committed such offense would render the applicant ineligible to receive or renew a license under the provisions of this Chapter, then action on the application will be delayed until such time as the case is concluded.

38.05 SUPPLEMENTAL FEE.

In addition to all other fees contemplated by this Ordinance, the submission of an incomplete application for a liquor license or renewal form, or the failure to complete or submit other required documentation properly shall be subject to a Supplemental Processing Fee as provided on the official list of fees, or such other amount as the Liquor Commissioner shall determine, per occurrence.

38.06 INSURANCE.

- a) Each application for a license required under this Chapter 38, and each application for the renewal of a license shall be accompanied by evidence of all required insurance, as described in Section b) below, in the form of a certificate of insurance acceptable to the Liquor Commissioner, issued by an insurance company licensed to do business in the State of Illinois.

Municipal Code - City of DeKalb
Chapter 38
“Intoxicating Liquors”

1. The certificate shall insure the applicant and the owner or lessor of the premises for not less than the minimum liability amount required by this Ordinance.
 2. The City of DeKalb shall be named as an additional insured on the policy of comprehensive general liability insurance. (2017-055)
 3. Such certificate shall also on its face name the City of DeKalb as a certificate holder and provide that the City of DeKalb shall be entitled to thirty (30) days advance written notice of cancellation before expiration of such policy.
 4. Said coverage shall be from an insurer licensed to do business in the State of Illinois and shall be kept current at all times. Licensees shall have certificates of insurance immediately provided to the office of the Liquor Commissioner at the time of renewal and/or within ten (10) days of the date when at such time as a change in insurance carriers occurs. Upon request of the Liquor Commissioner, a Licensee shall provide evidence of current coverage at times other than initial application and renewal. All required insurance shall be required to provide coverage for the Premises and Building where a liquor license is maintained, and also to any Permitted Area for any Sale of Alcoholic Liquors (including any outdoor seating area or the area where any Outdoor Special Event, Caterer Event, Nonprofit Special Event or similar event is to be conducted).
- b) For purposes of this Section, the required insurance shall be defined to include:
1. Dram shop insurance with policy limits at or in excess of the statutory minimum required under Illinois law.
 2. Comprehensive General Liability insurance with policy limits of not less than one million dollars per person/per occurrence.
- c) In addition to the foregoing requirements, applicants and Licensees are also required to maintain workers compensation, automobile liability and any other insurance required under applicable Illinois law as a condition of being eligible to obtain or maintain a liquor license. The City may demand proof of such coverage, in the form of a current certificate of insurance or other proof of insurance acceptable to the City, at any time a license is in place, or at any time while processing a license application or renewal application. However, notwithstanding the provisions of Section a) above, an applicant or Licensee is not required to name the City as additional primary insured on any such policy, nor is an applicant or Licensee required to post a current certificate of insurance with the City, except upon request.
- d) In the event of any liquor licensee seeking to conduct any event or sell any alcoholic beverage (either for consumption on premises or as package sales) on any real property owned by or leased by the City of DeKalb (e.g. a special event in a public location, the sale of alcoholic beverages pursuant to a City of DeKalb sidewalk lease, or otherwise), then both the comprehensive general insurance policy and the dram shop

insurance policy required hereunder shall name the City of DeKalb as additional primary and non-contributory insured, without right of subrogation, and without any limiting clauses other than those which may be acceptable to the Liquor Commissioner. (2017-055)

No sales made as Package Sales may be consumed on-premises, and no Package Sales shall be made in an Open Container. An applicant seeking to operate a Bar engaging in Package Sales shall provide a floor plan showing where such package beverages shall be kept and shall describe the security mechanisms used to ensure that such beverages are not consumed on-premises.

5. Bar Licensees who choose to have a Restaurant Sales area shall be responsible for monitoring the boundary between Bar Area and Restaurant Sales Area and shall be subject to fines and penalties under this Ordinance for violations of this Code.

2. For establishments that are full-time Hospitality Licensees, the entirety of the Building shall be deemed to be the Permitted Area for Hospitality Sales.

(a) In the event that a Restaurant or Bar wishes to also have a Hospitality License for Banquet Sales, it shall submit a floor plan showing a designated Banquet Area. The Banquet Area may be an area that is used for Bar or Restaurant purposes when not in use as a Banquet Facility. However, it must be capable of being physically separated (by a wall, half-wall, stairs/grade separation or other separation acceptable to the Liquor Commissioner) from the Bar or Restaurant Area of the Building when in use for Banquet purposes. Unless an area is expressly reserved for Banquet use at all times and is used for no other purpose, the Licensee shall give the City not less than 72 hours written notice of its intent to use the Banquet Area for Banquet purposes (and shall describe the nature and duration of the Banquet event contemplated). Unless an area is expressly reserved for Banquet use at all times and is used for no other purpose, the Licensee shall give the City not less than 72 hours written notice of its intent to use the Banquet Area for Banquet purposes (and shall describe the nature and duration of the Banquet event contemplated). No separate City approval shall be required for Banquet use of the facility, provided that timely notice has been provided.

- (c) A portion of the Premises may be utilized for Banquet liquor sales, and the licensee may designate an area either for permanent use as a Banquet facility or for temporary/convertible use. The Banquet Area may be an area that is used for on-site consumption of alcoholic beverage purposes when not in use as a Banquet Facility. However, it must be capable of being physically separated (by a wall, half-wall, stairs/grade separation or other separation acceptable to the Liquor Commissioner) from the other areas of the Building when in use for Banquet purposes. Unless an area is expressly reserved for Banquet use at all times and is used for no other purpose, the Licensee shall give the City not less than 72 hours written notice of its intent to use the Banquet Area for Banquet purposes (and shall describe the nature and duration of the Banquet event contemplated). No separate City approval shall be required for Banquet use of the facility, provided that timely notice has been provided. Banquet liquor sales shall be as provided for in Section 38.13.
- (d) A portion of the Premises may be utilized for the retail sale of package liquors, either produced on-site or produced elsewhere. For purposes of this Code, package liquors may be dispensed in the original container, or may be dispensed in sealed containers filled at the premises or elsewhere (e.g. bottles or growlers). If a portion of the Premises is used exclusively for the sale of package liquors, such area shall be restricted to permit access only by those who are 21 years of age or older, or in the company of their parent or legal guardian. If a portion of the Premises is used for on-site consumption of alcoholic beverages either at tables or at a bar, the licensee may engage in carryout package liquor sales of sealed containers to patrons who are seated in such areas as a component of their purchase from the licensee (provided that items sold as carryout package liquors shall not be consumed on-premises). The licensee shall not be required to comply with the provisions of Section 38.10 or any conflicting provision of Section 38.21(a).

This Code specifically recognizes that such Resolution approving of a liquor license or conditions of operation may conflict with and/or supersede provisions of this Code.
- 4. Liquor Production licensees shall not be permitted to have Video Gaming Terminals, unless specifically approved by the City Council by Resolution, and then only in accordance with the conditions of approval.
- 5. Liquor Production licensees shall be permitted to apply for supplemental licensure for Live Entertainment, Outdoor Special Events or Catering. For an existing Liquor Production licensee, approval of a supplemental license shall only require the authorization of the Liquor Commissioner.

 - (a) Bar and Package Liquor licenses shall have a term from January 1 of a year to the last day in December of that year. Applications for renewal shall be due not later than December 1 of the year of the license. (E.g. a liquor license issued on January 1, 2016 shall be valid through December 31, 2016; a renewal application for that license shall be due not later than December 1, 2016). Liquor Production licensees shall have a liquor license term coterminous with the calendar year.

- c) Application, Initial Issuance and Renewal fees shall not be refundable, once tendered to the City.
- d) For new licenses, the Initial Issuance fee shall be payable prior to issuance of the license. Initial Issuance fees shall not be discounted or prorated. A new license issued in the last six (6) months of the then-current license term for the type of license sought shall be eligible for a discount on the next-due renewal fee of up to fifty percent 50%, which discount shall be calculated to be prorated such that an initial license issued with a six (6) month or greater remaining term receives no discount on the renewal fee, and a license issued with a one (1) day remaining term has a fifty percent (50%) discount on the renewal fee. Liquor Production liquor licenses shall have no Initial Issuance fee.
- e) Renewal license fees shall be paid, in full, at least thirty (30) days in advance of the current expiration date of a license. Any license renewal must include all required renewal documentation, in a format acceptable to the Liquor Commissioner (generally contemplated to consist of a certification that no changes have been made to the business, and/or a description of any changes that is acceptable to the Liquor Commissioner). Failure to submit a renewal application at least thirty (30) days before

the date of expiration of an existing license shall result in the assessment of a Two Hundred Dollar (\$200.00) late fee. Failure to submit a renewal application at least seven (7) days before the date of expiration of an existing license shall result in the assessment of an additional Two Hundred Dollar (\$200.00) late fee. Failure to submit a renewal application by the expiration date shall result in the emergency suspension, revocation or expiration of a liquor license, as determined by the Liquor Commissioner.

1. Licensees may pay license renewal fees in two installments, if desired. To pay in two installments, the Licensee must submit a payment equal to one half of the renewal fee, plus a supplemental fee of Two Hundred and Fifty Dollars (\$250.00) at the time of renewal and must submit the second half of the renewal fee by the date which is five (5) months from the date of issuance of the license. In the event a Licensee fails to tender the second payment in a timely fashion, the liquor license shall expire and terminate on that date which is six (6) months following the date of issuance of the license. **The City shall not provide notice of the second payment due date.**
- f) Upon termination or non-renewal of any license, the Licensee shall immediately surrender its physical liquor license to the City and shall terminate all sales of alcoholic beverages. Any sales of alcoholic beverages or transactions involving alcoholic beverages following this license termination shall be treated as sales/transactions without a license under City Code. Any Licensee discontinuing a liquor license shall, upon discontinuation, notify the City, in writing, of its election to discontinue the license and immediately return and surrender the liquor license to the City. A Licensee which is closed for business for a continuous period of one hundred twenty (120) days or more shall be considered as discontinuing business under this Section and shall be subject to the return of its liquor license to the City. Such a Licensee may make a written request for a hearing before the Liquor Commissioner to contest a determination of discontinuing business and shall bear the costs of such hearing. In the event that a Licensee fails to return an expired, suspended, revoked or discontinued license to the City, the Chief of Police or designee is hereby authorized to remove the license for the Licensee’s premises and return the same to the City.
1. Failure to surrender or return an expired, revoked, suspended or terminated liquor license shall be punishable by a fine of not less than Five Hundred Dollars (\$500.00), plus not less than Two Hundred and Fifty Dollars (\$250.00) per day for each day after the first day.
- g) A late fee penalty of five per cent (5%) shall be added to fees paid one (1) to five (5) days after the due date. A late fee penalty of ten per cent (10%) shall be added to fees paid six (6) to ten (10) days after the due date. Fees not paid within ten (10) days of the due date shall subject the license to a fine, suspension or revocation.
- h) A Licensee that seeks to maintain multiple licenses for a single Building or Premises shall pay the *higher of* the applicable Initial Issuance and Renewal Fees for such licenses but shall not be required to pay each applicable fee.

38.09 RESTRICTIONS GENERALLY APPLICABLE. (2018-048)

- a) Submission of a signed application for a liquor license and/or acceptance of a liquor license constitutes the applicant’s consent to an inspection of any and all portions of the licensed premises by the City: 1) at any time during the normal business hours of the licensed premises, with or without advance notice; or, 2) at such other time as the City shall designate to the applicant/Licensee in writing, with not less than 48 hours advance notice. Inspections pursuant to this consent may be conducted by any City personnel, including Police Department, Building, Public Works, or Fire Department staff, the Liquor Commissioner, City Manager or other staff authorized by the Liquor Commissioner or City Manager, for purposes of determining compliance with the provisions of this Liquor Code, or for purposes of determining compliance with any other applicable code or regulation. The consent for inspection shall extend to any portion of the premises. An applicant or Licensee’s refusal to grant access to the premises for an inspection shall constitute grounds for denial of a pending application (without refund of any posted application fees), and shall constitute a violation of this Liquor Code for liquor license holders, which may subject a liquor Licensee to suspension or revocation of their liquor license, imposition of fines and penalties under this Liquor Code, or both. All holders of a Liquor License must also hold a valid Fire Life Safety License issued by the City. The existence of code violations shall justify suspension, denial or non-renewal of a liquor license.
- b) Upon approval of a liquor license application by the Liquor Commissioner, the applicant shall have thirty (30) days to submit the Initial Issuance Fee; upon payment of said fee, the license shall issue. Failure to pay the fee shall result in forfeiture of the application fee and rejection of the license application.
- c) No Alcoholic Liquors shall be offered for delivery (except for delivery via US Postal Service or a commercial carrier not owned or operated by the Licensee and not more expeditious than overnight). No Alcoholic Liquors shall be sold through a drive-through, except where a drive-through has been expressly approved by the City of DeKalb City Council. A drive-through shall only be considered under the following conditions: (2018-048)
1. A drive-through must be applied for at the time of initial liquor license application. If later applied for, an application for drive-through shall be considered a new license application.
 2. The only liquor licenses which shall be eligible for consideration of approval of a drive-through shall be package liquor stores which only engage in the retail sale of alcoholic beverages as their main line of business. Drive-throughs shall not be available for any facility that has a hybrid liquor license, that has more than one classification of liquor license, or that has authorization to sell package liquors as a component of another enterprise (e.g. grocery store, drug store).
 3. A request for a drive-through shall only be considered for approval if the applicant is able to demonstrate that exceptional measures have been implemented to

Municipal Code - City of DeKalb

ensure the security of the premises. Such measures shall include, at minimum: i) a camera system equipped with a recorder capable of retaining at least seven (7) days of video, with high definition cameras showing the area of drive-through window transactions inside the store, showing the vehicle(s) in the drive-through, showing the driver of the vehicle in the drive-through, showing the passengers or other occupants of the car, showing the front and rear of the car in the drive-through, showing the entrance and common areas of the package liquor store to which the drive-through is attached, and showing the entrances and exits to the drive-through facility parking lot and drive-through lane; ii) adequate site lighting to illuminate the drive-through and related areas; iii) landscaping and site design in compliance with Crime Prevention Through Environmental Design principles; iv) a monitored alarm equipped with a ‘panic’ or ‘alert’ button that can be remotely activated by drive-through personnel; v) a drive-through window and enclosure constructed using bullet resistant materials in a design and configuration acceptable to the Chief Building Official and Chief of Police; vi) a system for notifying employees of the store when cars are in the drive-through queue; vii) a system for verifying the legitimacy of identification provided for the purchase of Alcoholic Liquors; and, viii) such other measures as shall be required by the Chief of Police or Community Development Director.

4. Alcoholic Liquors sold in a permitted drive-through shall be required to be within the original, sealed container, and only for consumption off premises.
5. Any applicant for a drive-through supplemental license shall be required to execute a common area patrol agreement with the City of DeKalb Police Department and shall be required to execute an agreement with the Police Department providing access to video recording footage at any time upon request.
6. Drive-throughs may be prohibited in areas in close proximity to traffic conditions, roadways or uses that pose a safety or security concern in the discretion of the City.
7. Drive-throughs shall not be permitted within 1,000 feet of a public or private school for any grades between kindergarten and 12th grade, nor within 1,000 feet of any public park or forest preserve area, nor within 1,000 feet of any church, nor within 325 feet of any state university property used for parking, nor within 450 feet of any state university property used for any other purpose. All such measurements shall be from property line to property line. Drive-throughs must also comply with all other applicable codes and ordinances, including but not limited to zoning regulations, building code regulations and related requirements.
8. Drive-through licenses may specify any other supplemental terms, conditions, or restrictions (including restrictions on hours of service, hours for drive-through operation, types of products which may be sold through the drive-through or other restrictions) that are approved through the review and approval of the license application by City Council.
9. The Police Department may, at any time upon the provision of 48 hours written

notice, require that drive-through operations be suspended for a specified period not to exceed three days in duration. The Police Department may require the immediate suspension of drive-through operations upon verbal notice in the event of any public safety matter requiring such suspension. Such emergency suspension of operations shall be for a period not exceeding three days in suspension.

10. No facility may be licensed purely as a drive-through facility for the sale of Alcoholic Liquors; all such licensed premises must also maintain a retail sales area for customers, and Alcoholic Liquors must be kept in the retail sales area for selection and purchase by consumers.
 11. In recognition of the special safety and operational concerns arising out of the potential utilization of drive-throughs, the City reserves the right to refuse any application, or to impose such conditions as the City shall determine to be necessary to ensure public safety and welfare.
- d) It shall be unlawful to engage in the Sale of Alcoholic Beverages outside the permitted hours of operation applicable to a given liquor license, or in violation of any of the terms of this Ordinance, or the conditions applicable to a liquor license by virtue of its issuance or by virtue of any accompanying license agreement.
 - e) In the event the Liquor Commissioner receives a liquor license application which the Commissioner determines is not adequately regulated under this Code, the Commissioner may temporarily delay review of the application for purposes of seeking an amendment to this Code to add additional regulation.
 - f) Prior to engaging in any conduct regulated under the terms of this Ordinance, the Licensee/applicant shall provide the City with a copy of any state-issued licensure related to the regulated activity.
 - g) It shall be unlawful to engage in the Sale of Alcoholic Beverages without a license where required under this Code, or to engage in a sale of Alcoholic Liquors other than in a fashion permitted by an applicable license.

The minimum penalty for a violation of this subsection shall be a fine of not less than seventy-five dollars (\$75.00) if paid as a mail-in violation, or two-hundred dollars (\$200.00) if imposed in Court. (2015-048)

In the event of a complete change in ownership, a new license application (and all required components thereof) shall be required. For purposes of this Ordinance, all ownership changes that occur within a rolling five-year window shall be considered cumulatively, and such cumulative changes may trigger the requirement for a new license application and fees. Any transfer (or series of transfers in a five (5) year rolling period) resulting in transfer of more than one half of the assets or stock of a Licensee shall be deemed to be a sale or transfer of the Licensee’s business and shall require the surrender of an existing liquor license and the application and approval of a new liquor license, with payment of all required fees.

Any time there is a change in the identity of the Manager, the liquor license

must be updated with new background checks and approval of the proposed Manager, before such change takes effect. Licensees are required to inform the City of any changes to the information listed on their liquor license application and, in accordance with applicable laws, seek approval for changes in Owners or Managers, with the conduct of required background checks, before effectuating such changes. Any such change shall require the submission of such documentation and fees as the Liquor Commissioner shall require.

- b) A retail liquor dealer's license shall permit the sale of alcoholic liquor only in the premises described in the application and license. Such location may be changed only upon the written authorization of the Liquor Commissioner. No change of location shall be permitted unless the proposed new location is a proper one for the retail sale of alcoholic liquor under the law of this state and the ordinances of the City, as evidenced by submission of a complete, new application for issuance of a liquor license in the form required above. Said application shall also include information on the estimated cost and time to complete any new construction or remodeling of existing premises to be licensed, accompanied by a copy of plans for any and all renovations, along with proof of all required insurance for the new location. For the new location, a Licensee shall comply with all building, zoning and property maintenance codes then in force. Said application shall be processed in the same fashion as a new application for a liquor license and shall be subject to the same review and applicable fees, except that a new Initial Issuance Fee shall not be required (provided that ownership of the Licensee remains the same).
- c) Where a Licensee anticipates a change in ownership or Licensee information, it may apply for a liquor license in advance of the triggering event, so as to permit issuance of a conditional license (if approved by the Liquor Commissioner) conditioned upon the triggering event, to avoid a discontinuation of operations.

1. The Licensee shall at all times be afforded due process including the right to subpoena witnesses in his own behalf, the right to hear witnesses and evidence given against him, the right to counsel, the right to cross-examination, and the right to demand a written specification of charges against him in advance of the hearing.
2. Witnesses shall be sworn, but in all other respects the hearings shall be informal and strict rules of evidence shall not apply.
3. A certified court reporter shall, at the public hearing take the complete record of all evidence, testimony and comments and, upon notification by the Liquor Commissioner, shall prepare a certified official record of the proceedings suitable for filing with the State Liquor Control Commission and that all reviews of the proceedings of the Liquor Commissioner be "on the record" so that the State Commission's scope of review is limited to those three (3) instances stated therein. The cost of taking and preparing the certified official record of the proceeding shall be paid by the Licensee, with payment of the cost to be made to the City at or before the time the Order of the Liquor Commissioner becomes effective, provided, however, if the Order action or decision of the Liquor Commissioner is reversed by the State Commission or a court of law, any such payment made by the Licensee shall be returned.

e) No person shall make a false statement to the Liquor Commissioner, material to the issue or point in question, knowing such statement to be false.

f) After public hearing as provided herein and if the Liquor Commissioner determines that any of the grounds for fine and/or suspension or revocation of a license exists as stated in this Chapter, the Liquor Commissioner may do any of the following:

1. Impose a fine and costs against the Licensee. Any fine imposed shall not exceed One Thousand Dollars (\$1,000.00) for the first violation and Two Thousand Five Hundred Dollars (\$2,500.00) for the second violation and Five Thousand Dollars (\$5,000.00) for the third or subsequent violation which occurs within an eighteen (18) month period for each violation. Each day on which a violation continues shall constitute a separate violation for which a separate fine may be assessed. The maximum amount of fines that may be imposed upon a Licensee during each annual license period shall not exceed Twenty-Five Thousand Dollars (\$25,000.00). Fines and costs may be payable in the manner indicated in any order which results from a hearing, or as the Liquor Commissioner may otherwise specify in writing, and the failure to pay any part of a fine and costs as so indicated or specified may result in the license being summarily suspended or revoked by the Liquor Commissioner. The Licensee may request a hearing on such action; but, pending a hearing and a decision thereon by the Liquor Commissioner, the license shall remain suspended or revoked. It shall be the duty of each Licensee who cannot make a fine and costs payment as indicated or specified to request a hearing at the earliest possible time

- i) A liquor license may be suspended or revoked for any period of time that a fine due relating to a liquor code violation remains unpaid, subject to any applicable limitations of Illinois law.
- j) Agreed Violation Process: In cases where: 1) the Liquor Commissioner and the Licensee agree and stipulate to the facts of a given violation, and agree that a violation has occurred; 2) the Liquor Commissioner and the Licensee agree that use of the Agreed Violation Process is appropriate, and are willing to execute a stipulation, settlement and waiver agreement so-indicating; 3) the violation(s) in question are not severe, and do not evidence a pattern of repeat violations by a Licensee; and 4) the Licensee is willing to accept the penalties recommended by the Liquor Commissioner and waive the right to a hearing, to avoid the cost and expense thereof, the Liquor Commissioner and Licensee *may* elect to utilize a written agreement to resolve a proposed violation. Such agreement shall waive the Licensee’s right to a hearing and shall impose a mutually acceptable fine and/or suspension or revocation of a license,

and such other terms as the Liquor Commissioner and Licensee shall agree upon. Either party shall be free to reject the Agreed Violation Process and proceed to a formal hearing.
