PART TWO ATTACHMENT 1

OPINION OF COUNSEL

I, the undersigned, am an attorney licensed by and duly admitted to practice law in the State of Illinois and am counsel and attorney for the City of DeKalb ("Grantee"). In this capacity, my opinion has been requested regarding the eligibility of the Grantee for grant assistance under the provisions of the Downstate Public Transportation Act, 30 ILCS 740/2-1 et seq. ("Act"). I have also reviewed the Downstate Operating Assistance Grant Agreement, Agreement No. 4877, Grant No. OP-18-21-IL ("Agreement") tendered by the State of Illinois ("State") to the Grantee, and I hereby find the following:

1. The Grantee is an eligible "Participant" as defined in the Act.

2. There are no provisions in the Grantee's charter, by-laws, or in the laws or rules of the State of Illinois, United States of America, or any unit of local government that preclude or prohibit the Grantee from entering into such Agreement.

3. The Grantee is fully empowered and authorized to enter into the Agreement and that Agreement, when executed by both parties, will be legally binding upon the Grantee and its successors and assigns.

4. I have no knowledge of any pending or threatened litigation, in either Federal or State court, which would adversely affect the Agreement or prevent the Grantee from contracting with the State for the purpose of receiving a Downstate Operating Assistance Grant.

Based on the foregoing, I am of the opinion that the Grantee is an eligible Participant under the provisions of the Act, and that it is fully empowered and authorized to accept the grant from the State.

PROJECT BUDGET

The Uniform Budget is attached as Part Three, Attachment 2.

Under the Act, the Grantor enters into this Grant Agreement to implement Grantee's approved program of expenditures, within the following condition:

The Grantee shall be paid under this Agreement sixty-five percent (65%) of Grantee’s eligible operating expenses incurred during fiscal year 2018, up to the corresponding identical or minimally different appropriation amount provided by the appropriation legislation for fiscal year 2018, as per 30 ILCS 740/2-7(b-10) and 30 ILCS 740/2-3(d), as long as there are sufficient funds transferred into the Downstate Public Transportation Fund (30 ILCS 740/2-7 (b)), and provided that the amount paid under this Agreement together with any operating assistance received by the Grantee from any other state or local agency for fiscal year 2018 does not exceed Grantee's actual operating deficit for that year.

The Grantor has approved and agrees to make a grant in the estimated amount of $4,710,927.00, subject to the limitations set forth above, the Act and the Rules.

In the event that a Grantee receives an amount in excess of the amount provided to be paid to the Grantee above, or the combined state and local operating assistance grants for fiscal year 2018 exceed Grantee's actual operating deficit for that year, Grantee agrees to remit to the State any excess funds received. For purposes of this Agreement, the term "operating deficit" shall have the following meaning set forth in Section 2-2.03 of the Act (30 ILCS 740/2-2.03): "the amount by which eligible operating expenses exceed revenue from fares, reduced fare reimbursements, rental of properties, advertising, and any other amounts collected and received by a provider of public transportation, which, under standard accounting practices, are properly classified as operating revenue or
operating income attributable to providing public transportation and revenue from any federal financial assistance received by the participant to defray operating expenses or deficits. For purposes of determining operating deficits, local effort from local taxes or its equivalent shall not be included as operating revenue or operating income."

Grantee agrees to commit the necessary local funding to cover costs incurred in providing public transportation which are not reimbursed under this Agreement or by other federal, state or local assistance programs.

**PAYMENT PROCEDURES**

The Grantor shall process up to a total of five payments, comprising of a combination of advance, reimbursement or reconciling payments, to Grantee upon the timely receipt of quarterly expense and revenue submitted on the Grantor’s prescribed forms. Payments will be processed upon the Grantor determining if and to what extent the request is for eligible operating expenses incurred in conformity with Grantee’s approved application and the Act.

A. Grantees shall have the flexibility to request: an advance based on its estimated quarterly expense and revenue, up to the date the actual expense and revenue for that quarter is required to be filed with the Grantor; or

B. a reimbursement for actual quarterly expense and revenue incurred; or

C. a combination of both.

Advance payments may not be processed by the Grantor, or dated by the Grantee, earlier than thirty days prior to the start of the quarter for which the advance is requested. No payments will be made until the State’s annual budget has been passed, and grant contracts are fully executed by both the Grantor and the Grantee and filed with the Office of the Comptroller.

Grantee shall file actual expense and revenue incurred in the 1st, 2nd, 3rd and 4th quarters by December 1, March 1, May 1, and August 1, respectively.

The Grantee shall adjust payment requests to reflect all previous quarter actual expense and revenue not reflected in previous payment requests.

Grantee agrees that payment shall not constitute a final determination by the Grantor of the eligibility of such expense and shall not constitute a waiver of any violation of the terms of this Agreement. The Grantor reserves the right to offset any payment to satisfy any monetary claims that the Grantor may have outstanding against Grantee.
ELIGIBLE OPERATING EXPENSES

Eligible operating expenses include, but are not limited to the following:

A. employee wages and benefits;
B. materials, fuels and supplies;
C. rental of facilities;
D. taxes other than income taxes;
E. payment for debt service (including principal and interest) on equipment or facilities owned by Grantee, to the degree that the Grantee’s governing board, through resolution, certifies that the public transportation portion of the equipment or facilities is required for the day-to-day provision of public transportation within the next 24 months, provided that, in undertaking and administering the acquisition and ownership of the equipment and facilities, the Grantee complies with the Grantor’s “Public Transportation Capital Improvement Grants Manual” and “Supplemental Operating Assistance Guidelines”;
F. non-rolling stock-equipment purchases that are less than $10,000;
G. administrative costs (i.e., costs incurred in capital grant record keeping, grant management, and the preparation of status reports required by the Department under its capital grant program) associated with capital projects which are not reimbursed elsewhere;
H. routine maintenance and repairs to buildings, equipment or vehicles that do not extend their useful life for replacement eligibility purposes;
I. reasonable expenses and compensation for Grantee's board members or trustees as provided under the Local Mass Transit district Act (70 ILCS 3610/4)
J. established reserves for self-insurance programs;
K. the costs associated with the audit requirements set forth in Section 653.410 of the Rules;
L. Eighty percent of the dues paid by the applicant to the Illinois Public Transportation Association and 90% of the dues paid by the applicant to the American Public Transportation Association or the Community Transportation Association of America; and
M. any other expenditure that an independent auditor retained by the Grantee’s governing board determines is required for the provision of public transportation according to the most current version of AICPA’s generally accepted standard accounting principles for public transportation operations.

INELIGIBLE OPERATING EXPENSES

Ineligible operating expenses include, but are not limited to, the following:

A. depreciation, whether funded or unfunded;
B. amortization of any intangible assets;

C. debt service on capital assets acquired with the assistance of capital grant funds provided by the State;

D. profit or return on investments;

E. excessive payments to associated entities;

F. expenses associated with the Workforce Investment Act (29 USC Chapter 30), or its successor;

G. costs reimbursed under Section 5303, 5304, and 5305 of the Federal Mass Transit Act (49 USC 53)

H. travel and entertainment expenses incurred in attending non-public transportation-related activities;

I. charter, school bus and sightseeing expenses as defined by the FTA;

J. fines and penalties;

K. charitable donations;

L. interest expense on long-term borrowing and debt retirement other than on that portion of publicly-owned equipment and facilities required for public transportation;

M. income taxes;

N. that portion of any eligible operating expense for which the Grantee has or will receive reimbursement from any other federal or State capital grant program absent a specific federal or State directive allowing the capital expense to be treated as an operating expense;

O. expenses associated with compliance with OMB Circular A-133 (Audits of States, Local Governments, and Non-Profit Organizations);

P. expenses for freight haulage provided by Grantee;

Q. any expense that is reimbursed from insurance proceeds;

R. maintenance or operation of vehicles that are not used by a Grantee or its contractors for public transportation or to support public transportation operations; and

S. any other expense determined by the Grantor to be inconsistent with federal regulations or requirements.

PROJECT CLOSEOUT

Upon the Grantor's receipt of the Grantee's independent audit report of the Project, the Grantor shall perform a review of the Grantee’s independent audit to determine whether to approve the independent audit. Once the Grantee’s independent audit has been approved by the Grantor, the Grantor shall determine the eligibility of costs incurred and shall make a final determination of amounts due to the Grantee under this Agreement. If the
Grantor has made payment to the Grantee in excess of the final total amount determined by the Grantor-approved independent audit to be due the Grantee, the Grantee shall promptly remit such excess to the Grantor.

At the discretion of the Grantor, several years of audit reconciliation balances may be combined to allow for one payment to reconcile minor annual reconciliation balances. The Project close-out occurs when the Grantor notifies the Grantee that the Project is closed-out and forwards the final Grant payment, as determined by the Grantor-approved independent audit to the Grantee, or when an appropriate refund of Grant funds, as determined by the Grantor-approved independent audit, has been received from the Grantee and acknowledged by the Grantor. Close-out shall be subject to any continuing obligations imposed on the Grantee by this Agreement or contained in the final notification or acknowledgment from the Grantor. Payment issues, audit issues or any other matters pertaining to the grant may not be subsequently raised and are forever settled upon Project closeout.

SCHOOL BUS OPERATIONS

Pursuant to 20 ILCS 2705/2705-605(f), Grantee agrees not to engage in school bus operations exclusively for the transportation of students and school bus personnel in competition with private school bus operators where such private school bus operators are able to provide adequate transportation at reasonable rates, in conformance with applicable safety standards. However, this requirement shall not apply if Grantee operates a school system in the locality and operates a separate and exclusive school bus program for the school system. Grantee’s certification regarding school bus operations is signed and attached to this Agreement as Part Three Attachment 1.

ETHANOL GASOLINE

Pursuant to the Downstate Public Transportation Act (30 ILCS 740/2-15.1), Grantee hereby certifies that all gasoline burning motor vehicles operated under its jurisdiction use, if capable, fuel containing ethanol gasoline.

NO WAIVER

No failure of Grantee to assert any right or remedy hereunder will act as a waiver of its right to assert such right or remedy at a later time or constitute a course of business upon which Grantor may rely for the purpose of denial of such a right or remedy to Grantee.

GRANTEE’S RESERVATION OF RIGHTS

This contract is executed by Grantee with a reservation of rights to contest provisions inconsistent with the enabling legislation, Downstate Public Transportation Act (30 ILCS 740) and the Illinois Constitution.

FAILURE TO APPROPRIATE FUNDS

This Agreement, notwithstanding anything to the contrary set forth herein, is subject to Section 2-3(d) of the Downstate Public Transportation Act (30 ILCS 740/2-3(d)).
PART THREE ATTACHMENT 1
CERTIFICATION BY GRANTEE NOT TO ENGAGE
IN SCHOOL BUS OPERATIONS

Pursuant to Section 49.19(6) of the Civil Administrative Code of Illinois (20 ILCS 2705/49.19(b), as a condition of receiving grant monies from the Illinois Department of Transportation, the Grantee certifies that it is not engaged in school bus operations exclusively for the transportation of students and school bus personnel in competition with private school bus operators where such private school bus operators are available to provide adequate transportation at reasonable rates in conformance with applicable safety standards.

If the Grantee does engage in school bus operations exclusively for the transportation of students and school bus personnel as described above, then the Grantee certifies that it operates a school system in the area to be served and operates a separate and exclusive school bus program for the school system.

The Grantee further agrees and certifies that it shall immediately notify the Grantor in writing of its involvement in or its intention to become involved in any school bus operation prohibited by Section 49.19(6) of the Civil Administrative Code of Illinois after the date of this certification.

### Section C - Budget Worksheet & Narrative

#### Indirect Costs

Indirect costs are those that have been incurred for common or joint purposes. These costs benefit more than one cost objective or program and cannot be readily identified with a particular cost objective without effort disproportionate to the results achieved.

<table>
<thead>
<tr>
<th>Description</th>
<th>Rate</th>
<th>Cost</th>

<td></td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>Total Indirect Costs</td>
<td>$</td>
<td>$</td>
</tr>
</tbody>
</table>

---

Let's break down the table step by step:

1. **Description**: The table lists various indirect cost categories, but the specific categories are not clearly defined in the provided text. The table structure is clear and consistent, with each row containing a description and a corresponding rate and cost.

2. **Rate**: The rate column appears to be empty, which may imply that the rates are the same for all categories or that they are not applicable in this context.

3. **Cost**: The cost column also appears to be empty for some entries. This could be due to the nature of indirect costs, which are often difficult to quantify precisely, or it might indicate missing data.

4. **Total Indirect Costs**: The total indirect costs are calculated as the sum of the costs across all categories. The exact total is not provided in the text but is implied to be a financial summary of the indirect costs incurred.

---

The table provides a structured way to organize and present indirect costs, which are crucial for understanding the financial implications of shared costs in larger projects or organizations. The lack of specific rates and costs in some entries highlights common challenges in budgeting for indirect costs.
